

BATTLE FOR POSSESSION OF ODD FELLOWS BUILDING

The Lodge Brings Action to Compel the Potters' Building and Savings Company to Vacate.

THE DEFENDANT ASKS FOR AN INJUNCTION

Lisbon, February 3.—(Special.)—Judge Hole has granted the temporary injunction asked by the Potters Building & Savings Company against the East Liverpool lodge of Odd Fellows.

The threatened action of the local company should make such changes and alterations as it deemed necessary, but the changes should be made at the expense of the company. The lease also provided that at the expiration of the lease the company should have the right to again lease the property at a rent to be decided by arbiters, who were to be mutually selected. The company says further in the petition that it entered on the premises and has occupied them under the lease since December 1, 1896, paying its rent every quarter in advance as agreed; that it erected improvements consisting of partitions, vaults and office fixtures at a cost of more than \$2,000, that they are valuable in connection with the lease, but are comparatively worthless if taken away. It says that it has conducted a very extensive business, has 4,500 stockholders, all of whom are depositors and with few exceptions residents of this city; that its resources December 31, 1903, were \$1,913,696.44, all of which was then and is now readily accessible and liable for the payment of all just obligations; that it has always been the custom since the lease became effective for one of the officers or trustees of the lodge to call at the company's office and collect rent, that this has been done at the convenience of the trustees and without reference to date of payment named in the lease; that the company's offices are under the rooms of the lodge; that they are open daily for banking purposes, readily accessible and are open

In the injunction proceedings Attorneys Brookings & Thompson, of this city, and Billingsley, Clark & DeFord, of Lisbon, represent the savings company. It is alleged in their petition that on November 23, 1896, the lodge entered into a lease with the plaintiff company for ten years, which lease covered the entire first floor, excepting the hallway at the east side; that the company was to pay \$425 per year rent for the building, the payments to be made quarterly in advance on December 1, March 1, June 1 and September 1; that the lease provided that the

CASES APPEALED TO SUPREME COURT

MRS. NANCY BETTRIDGE WANTS
HER SUIT TRIED AGAIN.

Asked Large Damages and Got Little.
Two Cases of A. G. Smith.

Columbus, February 3.—(Special.)—Three Columbiana county error cases have been filed in the supreme court. They are East Liverpool cases. One is the case of Nancy K. Bettridge against the city of East Liverpool. The plaintiff in error fell in an excavation near the Horn switch in East Liverpool and sustained injuries for which she sued the city for \$10,000. The common pleas court allowed her \$1,275, which judgment was reversed by the circuit court. The plaintiff wants the circuit overruled and the common pleas court affirmed. A. G. Smith is the plaintiff in both the other cases, George S. Goodwin and William Kent being the respective defendants. Smith is the administrator of the Hallam estate, and claims that Goodwin and Kent are occupying property on Fifth street in East Liverpool belonging to the estate and in which they have no interest. The lower courts decided for the defendants in error.

THE PITTENGER CASE DEMURRER ARGUED

Question of the Authority of Public
Safety Board Is In-
volved In It.

Lisbon, February 3.—(Special.)—Arguments on a demurrer in the case of Dallas Pittenger vs. the city of Wellsville, were commenced in court yesterday afternoon and if the city's demurrer to the petition is sustained it will practically dispose of the case. The litigation is the outgrowth of conditions under the new municipal code. The city hall was formerly cared for by the police. W. G. Stewart, of the board of public safety, wanted the old order continued. In spite of his protests, O. P. Bowers and Henry Herbert, of the board, appointed William Green janitor. Council would not pay him and he resigned. Dallas Pittenger, who is still serving, was appointed last June. He has never received his salary and it is now sought to non-suit him as a plaintiff against the city for his first month's pay. City Solicitor Boyd filed the demurrer and argued in favor of sustaining it. W. F. Lones, for the plaintiff, said there was no question that the safety board controlled public buildings and that Pittenger was entitled to his salary.

POLICEMAN'S LOT NOT A HAPPY ONE

Dissatisfaction Is Expressed Over
the Rule Requiring Officers
to Ring Up.

WHY THE ARRESTS ARE FEW

Dissatisfaction prevails among the members of the police department, and though the board of public safety refuses to acknowledge it, the members of that body are also becoming exercised over certain embarrassing conditions. As a result the next meeting of the board will undoubtedly be prolific of interesting arguments. The bone of contention is the inauguration of the "ringing up" system.

The police have become desperate because of their inability to make a respectable showing along the line of arrests. During the past six weeks they have made so few arrests that they are almost ashamed to have the figures published and to discover the reason for the unusual dearth in their business it has been decided to hold a joint meeting in the near future for the purpose of debate, the police to argue that the cause of it all can be attributed to the "ringing up" system and the board of safety that it is the result of a general reform of the city.

It is a fact well known that the officer who makes the largest number of arrests cannot help receiving the admiration of his superiors. Every officer aspires to have a good record at the end of each month, and as his ability is judged to a certain degree by the number of his victims, it is only natural that each officer strive for a system that will give him every advantage possible. The officers have found that crime is on the increase and it is argued that it is the result of every man in the city who wishes to commit a misdemeanor first ascertaining just when an officer will be passing the selected spot. It is thought that the whereabouts of every officer is learned by a crook in less than an hour after he learns their beats and the time they are supposed to ring up.

A member of the safety board stated last evening that the police would not be expected to make as many arrests as they used to, simply because the city has undergone an unprecedented wave of reform. This is not affirmed by the majority, and there may be something doing between the board and the officers before long.

BLAKELY IS TRIED FOR ROBBING HULSE

The East Liverpool Case of Alleged
Pocket Picking Aired Before
Judge Hole.

BOTH SIDES ARE AGREED

In Some Particulars, But the Defend-
ant Denies His Guilt, Saying His
Attorneys Persuaded Him to Enter
His Formal Plea.

Lisbon, February 3.—(Special.)—William Blakely, of East Liverpool, charged with picking the pocket of Felix Hulse, of that city, on the evening of December 19, was placed on trial in court here late yesterday afternoon. A number of witnesses, including Mayor Weaver, of East Liverpool, were present. Blakely was sent to jail from Mayor Weaver's court some time ago.

Hulse, who is a saggermaker, was on his way from his home in the suburbs to the office of the company by which he was employed to draw his pay, amounting to \$21.65. At Mulberry alley and Sixth street he says he met Blakely and Blakely asked him for 10 cents. Hulse said he had no money, but as Blakely knew it was Hulse's pay day he exacted from him a promise that they should meet later at Thompson's saloon. Hulse says he stopped there and drank a little beer with Blakely, who left before Hulse. Hulse says that at the Horn switch a man coming up from behind, threw his arms around him and shouted in his ear: "Hulse, give me a chew of tobacco." He had scarcely time to reply that he had none when the fellow said, "Then I will take something else," and reaching into Hulse's trousers' pocket took out his pocketbook and turned and ran.

Having packages under both arms Hulse could offer little resistance, but when the fellow started to run Hulse followed and under the electric light recognized him as William Blakely. Hulse filed a charge against Blakely the next day and says that when he saw him later Blakely said: "For God's sake don't push me; I'll pay it back."

The testimony of Dick Walker and wife showed that between 5 and 6 o'clock the next morning, which was Sunday, Blakely came to their house with some whisky and showed a roll of bills and some silver. In reply to Walker's intimation that he had been successful at poker Blakely replied: "No; I held an old man up for \$18 yesterday."

The defendant was on the stand in his own behalf today and denied having stolen any money from Hulse. He admitted having met Hulse at Thompson's saloon on the afternoon of the alleged robbery and having asked him for 10 cents, but said when he saw him there again after Hulse had drawn his wages, they had no conversation and Blakely did not see him again after leaving the saloon. Blakely had been employed in the Murphy pottery and his wife in the McNicol. Having not drawn a pay for some time Blakely said he met his wife and got \$7 from her to pay for clothing. He said he stood off the clothing dealer, made a round of the saloons, slept in a club room over Thompson's saloon and went to Dick Walker's next morning.

When arrested later Blakely said his attorneys advised him, although he maintained, his innocence, to pay \$5 fine and pay Hulse the \$18 he was alleged to have stolen and thus avoid going to jail to await for the grand jury meeting. Blakely agreed and was later arrested after the grand jury indicted him. About \$4 of the money had been paid to Hulse at that time.

On motion of the plaintiff's attorney, Judge Hole took from the jury the charge of pocket picking and told the jurors to consider only the charge of larceny. The case went to the jury shortly after court convened this afternoon.

DRUNKEN WITNESSES IN BLAKELY CASE

Men and Women Who Were Intoxicat-
ed Were in Lisbon to
Testify.

Lisbon, February 3.—(Special.)—A bunch of drunken witnesses, both men and women, came here yesterday to testify in the case of Ohio vs. William Blakely, which came on for trial yesterday afternoon. Two of the women exhibited their jags on the street yesterday forenoon, and Dick Walker, who was the second witness for the state, was taken to jail by order of the court.

At the conclusion of Walker's testimony Judge Hole said to Sheriff Johnson:

"Sheriff, you may take this man to jail and keep him there until he becomes sober and if any more of the witnesses in this case appear on the stand in that condition they will be dealt with in the same way. I don't propose to have this court discredited by witnesses in such a state of intoxication."

Isaac Oaff, another witness in the case, was today jailed for drunkenness.

COURT IS ASKED TO INTERFERE

Mining Company Wants a Restraining
Order on Coal Land
Owners.

TERMS OF THE CONTRACT

Lisbon, February 3.—(Special.)—The Ironside Mining company has brought suit against Elizabeth E. Runyon, Elizabeth Runyon and James McLane, asking that the defendant be restrained from encumbering or in any way disposing of certain lands and that a pretended conveyance be set aside. A temporary restraining order has been granted.

It is alleged in the petition that on May 13 last the two first named defendants optioned to A. D. Hill 80 acres of coal land in Yellow creek township, the option to hold good until September 13 last, within which time the purchaser could have the tract for \$1,900 by paying \$500 down and the remainder in three equal payments with interest at 6 per cent. On June 10 last Mr. Hill disposed of his option to the plaintiff company which notified the defendants on August 18 that it was ready to consummate the transfer.

The defendants are alleged to have neglected to execute a deed of conveyance and refused to accept the first payment which was tendered them on October 25. It is alleged that in the meantime the Runyons had made a pretended conveyance to James McLane, who is made a party defendant. The company says that the land is situated in a surrounding coal territory owned by it and if balked of the possession of this tract it will entail irreparable damage on the company. Wilcox, Grant & Castle, of Akron, and Brookes & Thompson, of East Liverpool, are the plaintiff's attorneys.

NOTABLE FOR NEATNESS

Typographical Appearance of the

an Authority.

Nothing adds to the value and appearance of a paper more than good press work. A paper may contain all the news and its editorials and comments may be above the average, but if its print is blurred, its cuts blotched and its pages dirty, it will lose much in the estimation of its readers. The Washington Post is one of the cleanest papers as far as typography and press work are concerned in the country.

Of the nearby papers the Salem News, the East Liverpool News Review, the Ashtabula Beacon-Record, the Canton Morning News, the Warren Chronicle and the Warren Tribune are notable for their neatness, clearness and the ease with which they can be read.—Youngstown Telegram.

Always in the lead—the News Re-

IT MAY BE IMPOSSIBLE TO COLLECT THE CAR TAX

East Liverpool Company Contends That It Already Pays All That Can Be Legally Exacted.

DOUBT OF THE VALIDITY OF THE ORDINANCE

The visions of a replenished treasury, due to the collection of a tax provided for in an ordinance from the street railway companies operating in the city, which have been in the minds of Mayor Weaver and Auditor Davidson for a couple of weeks are likely to be given a blow in the near future that will send them far into oblivion. The contention is now made that the city cannot legally collect a cent through the ordinance, and the East Liverpool line will endeavor to prove if the question is taken to the courts, that it has been paying right along all that can be collected.

Exclusive announcement was made in the News Review some time ago that the mayor and auditor had discovered an ordinance, which, it was thought, would result in no small amount of money being turned into the city treasury. The ordinance was passed in 1896 and provided that the street railway companies operating in the city should pay a tax of \$10 per year for every car in operation. An investigation was then made to find how much, if any money, had been paid by either of the local companies. No record of any such payment by the East Liverpool line could be found, but the books show where the Southside line paid \$100. This was considered good grounds for agitating a move to collect from both companies, the tax dating back to the time the ordinance was passed, and the solicitor was instructed to look into the matter. No definite action has been taken, however, and if the contention of the railway companies be correct the idea will be dropped.

The East Liverpool company pays a state, city and county tax and avers that it cannot be compelled to pay more. The Southside company has its holdings in West Virginia and pays a tax in that state, and as it is doubtful whether it can be made to pay a similar tax in this city, it is thought that the tax ordinance passed in 1896 was drafted for the sole purpose of getting some revenue from it.

A MISHAP TO THE CALCUTTA CAR

Derailed at the Switch Without Se-
rious Consequences Save Some
Fright to Passengers.

A slight accident with no serious results occurred on the Grandview branch of the East Liverpool railway at 7 o'clock last night. Motorman John Hughes and Conductor Donaldson had charge of the car, which was taken to the barn and operations suspended for the night shortly after the mishap.

The crew had decided to make that trip the last one for the evening on account of the sudden change in the temperature and the fact that it was snowing. Under such circumstances the rails are not safe on any hill, and none knew this better than the crew. A cart was made on the last trip down a little before 7. Five passengers were aboard when the car left the top of the hill, and on account of the slippery condition of the rails the brakes refused to perform their work at a point near Grant street.

A short distance above the derailing switch the wheels began to slide and Motorman Hughes directed the conductor to allow the switch to remain open. The car was not going at a rapid rate, but the motorman realized that before the next safety switch was reached it was possible he would have lost control, so the car went through the open switch and into the curb, just as it is intended it should. No one was injured and the car was not damaged.

Motorman John Hughes is one of the best and most experienced motorman in this part of the state. He has had more experience on the hill lines than any other man in the employ of the company, so it was natural that he should do the proper thing at the proper time.

SCOTCH VERDICT IN BURGLARY CASE

Young Fitzgerald Escapes a Sentence
But Gets a Severe
Reprimand.

Lisbon, February 3.—(Special.)—After deliberating about two hours and a half, the jury in the case of Ohio vs. David Fitzgerald, of Wellsville, who was charged with burglary, returned a verdict of acquittal yesterday afternoon. The finding was, however, what Judge Hole termed a Scotch verdict, "guilty but not proven," as it recommended that the judge give the prisoner a severe reprimand.

In discharging Fitzgerald, Judge Hole told him that he had narrowly escaped a severe penalty and expressed a hope that his experience would be a valuable lesson to him. The young man has accepted a position with the Pennsylvania company at \$60 a month, it is said.

BATTLE FOR POSSESSION OF ODD FELLOWS BUILDING

The Lodge Brings Action to Compel the Potters' Building and Savings Company to Vacate.

THE DEFENDANT ASKS FOR AN INJUNCTION

Lisbon, February 3.—(Special.)—Judge Hole has granted the temporary injunction asked by the Potters' Building & Savings Company against the East Liverpool lodge of Odd Fellows.

The threatened action of the local company should make such changes and alterations as it deemed necessary, but the changes should be made at the expense of the company.

The lease also provided that at the expiration of the lease the company should have the right to again lease the property at a rent to be decided by arbitrators, who were to be mutually selected. The company says further in the petition that it entered on the premises and has occupied them under the lease since December 1, 1896, paying its rent every quarter in advance as agreed; that it erected improvements consisting of partitions, vaults and office fixtures at a cost of more than \$2,000, that they are valuable in connection with the lease, but are comparatively worthless if taken away.

It says that it has conducted a very extensive business, has 4,500 stockholders, all of whom are depositors and with few exceptions residents of this city; that its resources December 31, 1903, were \$1,913,696.44, all of which was then and is now readily accessible and liable for the payment of all just obligations; that it has always been the custom since the lease became effective for one of the officers or trustees of the lodge to call at the company's office and collect rent, that this has been done at the convenience of the trustees and without reference to date of payment named in the lease; that the company's offices are under the rooms of the lodge; that they are open daily for banking purposes, readily accessible and are open

and alterations as it deemed necessary, but the changes should be made at the expense of the company.

COURT IS ASKED TO INTERFERE

Mining Company Wants a Restraining Order on Coal Land Owners.

TERMS OF THE CONTRACT

Lisbon, February 3.—(Special.)—The Irondale Mining company has brought suit against Elizabeth E. Runyon, Elizabeth Runyon and James McLane, asking that the defendant be restrained from encumbering or in any way disposing of certain lands and that a pretended conveyance be set aside. A temporary restraining order has been granted.

It is alleged in the petition that on May 13 last the two first named defendants optioned to A. D. Hill 80 acres of coal land in Yellow creek township, the option to hold good until September 13 last, within which time the purchaser could have the tract for \$1,900 by paying \$500 down and the remainder in three equal payments with interest at 6 per cent. On June 10 last Mr. Hill disposed of his option to the plaintiff company which notified the defendants on August 18 that it was ready to consummate the transfer.

The defendants are alleged to have neglected to execute a deed of conveyance and refused to accept the first payment which was tendered them on October 25. It is alleged that in the meantime the Runyons had made a pretended conveyance to James McLane, who is made a party defendant.

The company says that the land is situated in a surrounding coal territory owned by it and if balked of the possession of this tract it will entail irreparable damage on the company. Wilcox, Grant & Castle, of Akron, and Brookes & Thompson, of East Liverpool, are the plaintiff's attorneys.

NOTABLE FOR NEATNESS

Typographical Appearance of the News Review Praised By an Authority.

Nothing adds to the value and appearance of a paper more than good press work. A paper may contain all the news and its editorials and comments may be above the average, but if its print is blurred, its cuts blotched and its pages dirty, it will lose much in the estimation of its readers. The Washington Post is one of the cleanest papers as far as typography and press work are concerned in the country.

Of the nearby papers the Salem News, the East Liverpool News Review, the Ashtabula Beacon-Record, the Canton Morning News, the Warren Chronicle and the Warren Tribune are notable for their neatness, clearness and the ease with which they can be read.—Youngstown Telegram.

IT MAY BE IMPOSSIBLE TO COLLECT THE CAR TAX

East Liverpool Company Contends That It Already Pays All That Can Be Legally Exacted.

DOUBT OF THE VALIDITY OF THE ORDINANCE

The visions of a replenished treasury, due to the collection of a tax provided for in an ordinance from the street railway companies operating in the city, which have been in the minds of Mayor Weaver and Auditor Davidson for a couple of weeks are likely to be given a blow in the near future that will send them far into oblivion. The contention is now made that the city cannot legally collect a cent through the ordinance, and the East Liverpool line will endeavor to prove if the question is taken to the courts, that it has been paying right along all that can be collected.

Exclusive announcement was made in the News Review some time ago that the mayor and auditor had discovered an ordinance, which, it was thought, would result in no small amount of money being turned into the city treasury. The ordinance was passed in 1896 and provided that the street railway companies operating in the city should pay a tax of \$10 per year for every car in operation. An

investigation was then made to find how much, if any money, had been paid by either of the local companies. No record of any such payment by the East Liverpool line could be found, but the books show where the Southside line paid \$100. This was considered good grounds for agitating a move to collect from both companies, the tax dating back to the time the ordinance was passed, and the solicitor was instructed to look into the matter. No definite action has been taken, however, and if the contention of the railway companies be correct the idea will be dropped.

The East Liverpool company pays a state, city and county tax and avers that it cannot be compelled to pay more. The Southside company has its holdings in West Virginia and pays a tax in that state, and as it is doubtful whether it can be made to pay a similar tax in this city, it is thought that the tax ordinance passed in 1896 was drafted for the sole purpose of getting some revenue from it.

A MISHAP TO THE CALCUTTA CAR

Derailed at the Switch Without Serious Consequences Save Some Fright to Passengers.

A slight accident with no serious results occurred on the Grandview branch of the East Liverpool railway at 7 o'clock last night. Motorman John Hughes and Conductor Donaldson had charge of the car, which was taken to the barn and operations suspended for the night shortly after the mishap.

The crew had decided to make that trip the last one for the evening on account of the sudden change in the temperature and the fact that it was snowing. Under such circumstances the rails are not safe on any hill, and none knew this better than the crew. A start was made on the last trip down a little before 7. Five passengers were aboard when the car left the top of the hill, and on account of the slippery condition of the rails the brakes refused to perform their work at a point near Grant street.

A short distance above the derailling switch the wheels began to slide and Motorman Hughes directed the conductor to allow the switch to remain open. The car was not going at a rapid rate, but the motorman realized that before the next safety switch was reached it was possible he would have lost control, so the car went through the open switch and into the curb, just as it is intended it should. No one was injured and the car was not damaged.

Motorman John Hughes is one of the best and most experienced motormen in this part of the state. He has had more experience on the hill lines than any other man in the employ of the company, so it was natural that he should do the proper thing at the proper time.

SCOTCH VERDICT IN BURGLARY CASE

Young Fitzgerald Escapes a Sentence But Gets a Severe Reprimand.

Lisbon, February 3.—(Special.)—After deliberating about two hours and a half, the jury in the case of Ohio vs. David Fitzgerald, of Wellsville, who was charged with burglary, returned a verdict of acquittal yesterday afternoon. The finding was, however, what Judge Hole termed a Scotch verdict, "guilty but not proven," as it recommended that the judge give the prisoner a severe reprimand.

In discharging Fitzgerald, Judge Hole told him that he had narrowly escaped a severe penalty and expressed a hope that his experience would be a valuable lesson to him. The young man has accepted a position with the Pennsylvania company at \$60 a month, it is said.

ANNUAL MEETING OF HOSPITAL ASSOCIATION

Officers Elected And Encouraging Reports Made as to Future Prospects.

The hospital association met at the Y. M. C. A. rooms yesterday afternoon and elected the following officers: President, Mrs. Monroe Patterson; vice president, Mrs. George Grosshans; secretary, Mrs. Henry Schreiber; treasurer, Miss M. E. Hazlett. The only change in officers is that of secretary, Mrs. Jacob Stein declining a second term, not having time to devote to the duties. Vice presidents for the different wards were elected as follows:

First ward, Mrs. G. Smith and Mrs. N. A. Frederick; Second ward, Mrs. R. McKinlon and Mrs. Joseph Wilson; Third ward, Mrs. W. L. Taylor and Mrs. John Agner; Fourth ward, Mrs. J. R. Warner and Mrs. Edwin M. Knowles; Fifth ward, Mrs. W. N. Hanley and Mrs. W. A. Tebbutt.

The secretary's report was read and was most encouraging. The treasurer was absent and her report was not ready. The financial prospects of the institution are good. A moving picture exhibition will be given at the opera house February 16 for the hospital, and plans are maturing for the big bazaar to be held next month. Work on the hospital building is progressing.

A committee of the ladies belonging to the association are hard at work upon the arrangements for a charity ball to be given on the evening of February 15. Rock Springs pavilion has been secured for the occasion and supporters of the hospital enterprise are already engaged in selling the tickets.

Constable Powell Went to Williamsport to Look For A. S. Kapp.

Constable Powell returned last evening from Williamsport, nine miles north of the city, where he went in search of A. S. Kapp, who for a year was proprietor of the Arcade restaurant. The constable had an attachment to make on the farming implements of Kapp to satisfy a claim of \$99 held against Kapp by the Bagley company.

Kapp was not on his farm and it was stated by people in that vicinity that he had either gone to Pittsburgh or Racine, O.

THE DEED MADE OUT

For Part of the Land to Be Used As Site For New Theatre.

Squire J. N. Rose yesterday wrote the deed for the transfer of the Woodward property, Fourth street and Mulberry alley, to J. C. Tallman, of Belaire. The property was sold for \$6,300 and is a part of the site to be occupied by the proposed new theatre.

WANT THE CHELSEA.

Toronto citizens have taken the initiative step towards securing a new industry here—the new Chelsea pottery, says the Toronto Tribune. The meeting held on Monday evening looking towards securing the pottery was attended by representative citizens, men who have the welfare of Toronto at heart and who always work for the advancement of home interests. The meeting was an enthusiastic one and it was the unanimous sense of the meeting that if the plant would not be rebuilt in New Cumberland to make every effort to secure it for Toronto. A committee appointed to confer with a representative of the Union Potteries company was instructed to "ascertain what the company wants and endeavor to give it to them." Not for many years has Toronto had the opportunity to secure so big an industry as the Chelsea pottery and an earnest effort will be made by the board of trade and citizens to secure the plant.

Chairman P. A. Gavin, in stating the object of the meeting, said: "While other towns are endeavoring to secure the plant, Toronto, by reason of its excellent natural advantages, being high above all floods, and fire protection, stands a good chance of getting the industry. What are we going to do about the plant? We must naturally enter into competition with other towns that are striving for the prize. There would be a great advantage in having the pottery here and it would be a big step in the future development of Toronto. Let's have a general public meeting of citizens and the board of trade looking toward getting the pottery here."

Attorney Gavin is a son-in-law of Councilman Thomas Cannon, of this city, and is prominent in the affairs of Jefferson county.

ANNUAL ELECTION.

The annual meeting of the stockholders of the East Palestine Pottery company was held last week at which the annual statement of the business was read and showed the business for the past year to have been the largest and most successful of any year since the organization of the company. At the same time and place the following board of directors were elected for the ensuing year: W. C. Chamberlin, W. C. Wallace, R. N. Chamberlin, Thomas Atchison and R. S. Chamberlin, all of them having served in the same capacity during the past year. The following day the board organized by electing the following officers: President, W. C. Chamberlin; secretary and treasurer, R. N. Chamberlin; board of managers, Thomas Atchison, R. N. Chamberlin and W. C. Chamberlin. The gross sales for the year amounted to \$1,000,000.

MEETING NIGHT CHANGED.

Local No. 24, N. B. of O. P., of Wells-ville, met last night and voted to change the night of meeting from Tuesday to Monday evening. There was not a vote against the proposition. The local had a chance to rent the hall on Tuesday night and some of the members contended that if the meeting was held a night earlier the attendance would be larger. Other routine business was considered at this session.

GREAT MONTH AT THE LIBRARY

Citizens Show a Great Desire For Good Reading in Winter.

OVER 5,000 BOOKS OUT

And the Patronage of the Library Increasing—The Record of Other Similar Institutions Surpassed. Training for Librarians.

Carnegie Public Library has the finest report for the month of January, which it has had for some months. Miss Baker is gratified to note that the citizens, young and old, of East Liverpool, are taking an interest in the welfare of the library this winter, and are patronizing it very largely. The reading rooms are well filled every evening of the week, and literature suiting the tastes of every one may be found on the library shelves. The monthly periodicals and daily papers are also much in demand by children and adults.

That the circulation of books and patronage is rapidly increasing and that Miss Baker and her assistants have had a very busy month may be noted by the following figures.

There were over 5,000 books circulated during the month. The library was open 25 days out of the January month of 31 days and an average of 200 books were circulated daily. There were 75 new borrowers and the turnstile indicates that 9,254 passed through. These statistics indicate that the East Liverpool Carnegie public library surpasses in its report any other library of its own size in the state, as for instance, the public libraries at Steubenville, Mansfield or Sandusky.

Regardless of the fact that Miss Baker and her assistants, Mrs. E. Hartley Thompson and Miss Mary A. Hall, are each day so very busy, since they have now just double the work to do, that they had at the opening of the library and during the first year, Miss Baker has opened for the young ladies of the city an opportunity to acquire training in a comparatively new vocation—that of library work.

Miss Baker has arranged for a regular apprentice system or class in library training for the young ladies of this city, who apply at the library within the next week. This same class and branch of work is established in all libraries the size of the Carnegie library and in all the larger cities where there are libraries, and as a rule there are three or four such assistants or substitutes connected with the library.

The Mt. Washington library, of Pittsburgh, which circulates several thousand books less than this library, has at present a librarian and four assistants who took their library training in the apprentice class.

There are always times in the history of all libraries where assistants or substitutes are needed, and it is for this reason that in every city of this size a library training class is established.

To become a librarian implies that one must either be a college graduate or have considerable good practical experience in a library before entering a library training class.

Miss Baker, after her graduation from college, was required to take a rigid examination before entering a library training school. For one year she was in the training class at the public library of Los Angeles, and worked four hours daily, often longer, in return for her instruction in library economy, this being the requirement.

The class which Miss Baker will establish and have under her own careful supervision will be instructed in classification of library books, library typewriting, simple cataloguing and all those branches which form the rudiments and foundation of library work. From the remainder of this month on until May, the class of apprentices will be required to work four hours daily in order to obtain the experience and the art of working with library books.

In the large cities hundreds of applicants to the library training class are turned away owing to the fact that they do not meet the requirements. Applicants must at least be high school graduates. Miss Baker is prepared to meet the large number of East Liverpool young ladies who wish to enter the class, and will instruct them in regard to the work in detail when they call at Carnegie library. To the East Liverpool girls it opens an opportunity for very pleasant work, with agreeable associates, a work to which much credit and a good compensation is due, and a calling which the aspiring intellectual young lady will take great pride and care in executing.

DEAD MAN PHOTOGRAPHED

In Coffin and Shroud on the Court House Steps at Steubenville.

Steubenville, February 3.—Unique as it was, but not altogether unusual, the dead body of Louis De Senordi, dressed in a shroud, was photographed on Court street. Standing upright in the coffin it is not likely that it could be opened, and had it not been for the coffin it is not likely that it could be discerned from a photograph taken in the ordinary way.

Surrounding the casket and lined up on the court house steps were the friends of De Senordi, all of whom showed the most profound reverence and respect for the deceased. There was very little trouble in getting a good photograph and the friends of the deceased will always have something by which they can cherish the memory of their dead companion. It is not unusual for dead Italians to be photographed.

Russian Fleet Clears for Action in the Harbor at Vladivostock.

JAPS READY TO TAKE KOREA

Outlook in Far East Is Not Reassuring—Both Sides Are Evidently Expecting an Outbreak of Hostilities on Asian Coast.

St. Petersburg, Feb. 3.—A dispatch from Vladivostock, issued here by a semi-official agency, says the Russian fleet at Vladivostock has been fully equipped for immediate service and prepared for sea. All the wood fittings of the ships were removed. The harbor is being kept open by icebreakers.

The fleet consists of four cruisers, the Cromobol of 12,330 tons, perhaps the Russia of 12,300 tons, the Bogatyr of 6,750 tons, and the Rurik of 10,923 tons, and a transport, the Lena.

Victoria, B. C., Feb. 3.—Advices from Tokio received by the empress of China say that the Japanese preparations for war were being pushed to the utmost, and it was rumored that if the Russian reply proved finally unacceptable Japan would immediately throw 30,000 troops into Korea to safeguard her interests there. Some 20 commercial fighters were known to have been chartered by the government, those of the Toyo Kisen Kaisha having been converted into fast cruisers, as have also some of the Nippon Yusen Kaisha boats, including the Nikoto. The second reserve of the Korura division were called out. Various military appointments were made, including that of Major General Ichi to be military attache to the Seoul legation.

The provisioning of the fleet and the purchase of supplies for the naval and military personnel were completed, some American firms securing profitable orders. Tenders for the supply of an enormous quantity of food and provisions were invited in the Manila papers and it was inferred that Manila might be made a supplementary base of supplies in the event of hostilities, as British ports, such as Hongkong, would be too closely watched to be available.

PANIC ON STEAMBOAT.

River Craft Damaged by Ice Floe Which Buoyed It Up.

Cincinnati, Feb. 3.—The ice floe partly wrecked a steamboat and then saved it. A ferryboat plying between New Richmond, O., and California, Ky., while crowded with passengers, was stove in by the ice and placed in danger of sinking. The passengers were panic-stricken and begged the captain to run ashore.

The boat, however, was caught in the ice and drifted two miles before it could be brought to shore. It was found that the huge floe acted as a raft on which the vessel had floated.

CLARKSBURG BANK FAILS.

West Virginia Institution Closed by Comptroller of Treasury.

Washington, Feb. 3.—The Traders National bank of Clarksburg, W. Va., has been closed by order of the Comptroller of the Currency and National Bank Examiner Robinson has been appointed temporary receiver.

Clarksburg, W. Va., Feb. 3.—The Traders National Bank, which has been closed by order of the Comptroller of the Currency, is the largest bank in the city. Assets a million and a quarter. It is thought the bank will resume business. No statement of its condition has been made.

The bank was organized April 15, 1891, with T. M. Jackson, as president; and S. H. White, cashier.

The cause assigned for the failure of the Traders National Bank is lack of available assets, but the real reason stated by those informed, is investments by officials of the bank of its funds in enterprises of large magnitude which have so far realized no returns.

Pressure was brought to bear on the bank to meet its obligations and after futile effort to raise money the suspension was forced by Bank Examiner Robinson, who has been scrutinizing its affairs several days.

Since its organization a very liberal business has been done by it and its influence was felt over a wide scope of territory. Thought to be sound, the failure came as a shock, but a panic was avoided by assurance from reliable sources that the stockholders and not the depositors would be losers. No attempt was made at a run on the Traders or the other banks, which are regarded sound.

Bankruptcy proceedings against the Jackson Iron and Tin Plate Mill and large suits against Moore Jackson, president of both the Tin Plate mills and the Traders bank, played a prominent part in the failure, the funds of the bank being thus involved.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. There would be a great advantage in having the pottery here and it would be a big step in the future development of Toronto. Let's have a general public meeting of citizens and the board of trade looking toward getting the pottery here."

Attorney Gavin is a son-in-law of Councilman Thomas Cannon, of this city, and is prominent in the affairs of Jefferson county.

ANNUAL ELECTION.

The annual meeting of the stockholders of the East Palestine Pottery company was held last week at which the annual statement of the business was read and showed the business for the past year to have been the largest and most successful of any year since the organization of the company. At the same time and place the following board of directors were elected for the ensuing year: W. C. Chamberlin, W. C. Wallace, R. N. Chamberlin, Thomas Atchison and R. S. Chamberlin, all of them having served in the same capacity during the past year. The following day the board organized by electing the following officers: President, W. C. Chamberlin; secretary and treasurer, R. N. Chamberlin; board of managers, Thomas Atchison, R. N. Chamberlin and W. C. Chamberlin. The gross sales for the year amounted to \$1,000,000.

MEETING NIGHT CHANGED.

Local No. 24, N. B. of O. P., of Wells-ville, met last night and voted to change the night of meeting from Tuesday to Monday evening. There was not a vote against the proposition. The local had a chance to rent the hall on Tuesday night and some of the members contended that if the meeting was held a night earlier the attendance would be larger. Other routine business was considered at this session.

POTTERY NOTES.

John Hall, a saggermaker of Sebring, was visiting friends here this week. Bert Linkenstine, the jiggerman, has returned to Sebring after a visit here with friends.

Stanton Barton, of Sebring, who has been very seriously ill, has returned.

ROYAL HAIR RESTORER

Of the many hair restorers on the market there is none which compares with the ROYAL. It is entirely harmless, contains no poisons, sulphur or lead (which the majority of hair restorers do) that are so injurious or dangerous. It restores gray hair to its original color and makes bleached hair any shade desired from black to light brown. Applications are unaffected by baths or shampooing and makes the hair soft and glossy and permits curling or crimping. Sold only by

Porter Kayes and Peter Salt, of the lost ware crew at McNicol's, were off duty Monday.

Mrs. Thomas Manypenny has returned to her home in Sebring after a visit here with relatives.

John Bayless, a presser, recently employed at Steubenville, has taken a position at Sebring.

Frank Bowers, presser at McNicol's, has not been able to work the past few days owing to illness.

W. C. Browne left yesterday on a trip to the Pacific coast in the interests of the McNicol pottery.

Miss Toots Clark, of the biscuit warehouse at McNicol's, is suffering with a bad carbuncle on her face.

George Smuthwalte, who resigned as recording secretary of local No. 12, has been succeeded by Burt Andrews.

Wilfred Elkins, finisher at McNicol's, is rejoicing over the advent of a fine boy baby at his home in the West End. Tom Bailey, kiln hand at McNicol's, who has been laid up for a week or more with a bealed ear, has returned to work.

Miss Anna Capps, of the decorating shop at McNicol's, has been confined to her home with sickness for several days.

Charles Martin, of McNicol's, who is winning fame as a wrestler, is thinking of giving up the trade to make wrestling a profession. He recently won several contests with local athletes.

Poke Little, who has been in the west and south for the past two years for the benefit of his health, is coming home, but not with a bride as announced. He will reach East Liverpool within the next two or three weeks and may locate here permanently.

GREAT MONTH AT THE LIBRARY

Citizens Show a Great Desire For Good Reading in Winter.

OVER 5,000 BOOKS OUT

And the Patronage of the Library Increasing—The Record of Other Similar Institutions Surpassed. Training for Librarians.

Carnegie Public Library has the finest report for the month of January, which it has had for some months. Miss Baker is gratified to note that the citizens, young and old, of East Liverpool, are taking an interest in the welfare of the library this winter, and are patronizing it very largely. The reading rooms are well filled every evening of the week, and literature suiting the tastes of every one may be found on the library shelves. The monthly periodicals and daily papers are also much in demand by children and adults.

That the circulation of books and patronage is rapidly increasing and that Miss Baker and her assistants have had a very busy month may be noted by the following figures.

There were over 5,000 books circulated during the month. The library was open 25 days out of the January month of 31 days and an average of 200 books were circulated daily. There were 75 new borrowers and the turnstile indicates that 9,254 passed through. These statistics indicate that the East Liverpool Carnegie public library surpasses in its report any other library of its own size in the state, as for instance, the public libraries at Steubenville, Mansfield or Sandusky.

Regardless of the fact that Miss Baker and her assistants, Mrs. E. Hartley Thompson and Miss Mary A. Hall, are each day so very busy, since they have now just double the work to do, that they had at the opening of the library and during the first year, Miss Baker has opened for the young ladies of the city an opportunity to acquire training in a comparatively new vocation—that of library work.

Miss Baker has arranged for a regular apprentice system or class in library training for the young ladies of this city, who apply at the library within the next week. This same class and branch of work is established in all libraries the size of the Carnegie library and in all the larger cities where there are libraries, and as a rule there are three or four such assistants or substitutes connected with the library.

The Mt. Washington library, of Pittsburgh, which circulates several thousand books less than this library, has at present a librarian and four assistants who took their library training in the apprentice class. There are always times in the history of all libraries where assistants or substitutes are needed, and it is for this reason that in every city of this size a library training class is established.

To become a librarian implies that one must either be a college graduate or have considerable good practical experience in a library before entering a library training class. Miss Baker, after her graduation from college, was required to take a rigid examination before entering a library training school. For one year she was in the training class at the public library of Los Angeles, and worked four hours daily, often longer, in return for her instruction in library economy, this being the requirement. The class which Miss Baker will establish and have under her own careful supervision will be instructed in classification of library books, library typewriting, simple cataloguing and all those branches which form the rudiments and foundation of library work. From the remainder of this month on until May, the class of apprentices will be required to work four hours daily in order to obtain the experience and the art of working with library books.

In the large cities hundreds of applicants to the library training class are turned away owing to the fact that they do not meet the requirements. Applicants must at least be high school graduates. Miss Baker is prepared to meet the large number of East Liverpool young ladies who wish to enter the class, and will instruct them in regard to the work in detail when they call at Carnegie library. To the East Liverpool girls it opens an opportunity for very pleasant work, with agreeable associates, a work to which much credit and a good compensation is due, and a calling which the aspiring intellectual young lady will take great pride and care in executing.

DEAD MAN PHOTOGRAPHED

In Coffin and Shroud on the Court House Steps at Steubenville.

Steubenville, February 3.—Unique as it was, but not altogether unusual, the dead body of Louis De Senordi, dressed in a shroud, was photographed on Court street. Standing upright in the coffin it is not likely that it could be opened, and had it not been for the coffin it is not likely that it could be discerned from a photograph taken in the ordinary way.

Surrounding the casket and lined up on the court house steps were the friends of De Senordi, all of whom showed the most profound reverence and respect for the deceased. There was very little trouble in getting a good photograph and the friends of the deceased will always have something by which they can cherish the memory of their dead companion. It is not unusual for dead Italians to be photographed.

Russian Fleet Clears for Action in the Harbor at Vladivostock.

JAPS READY TO TAKE KOREA

Outlook in Far East is Not Reassuring—Both Sides Are Evidently Expecting an Outbreak of Hostilities on Asian Coast.

St. Petersburg, Feb. 3.—A dispatch from Vladivostock, issued here by a semi-official agency, says the Russian fleet at Vladivostock has been fully equipped for immediate service and prepared for sea. All the wood fittings of the ships were removed. The harbor is being kept open by icebreakers.

The fleet consists of four cruisers, the Cromobol of 12,330 tons, perhaps the Russola of 12,300 tons, the Bogatyr of 6,750 tons, and the Rurik of 10,923 tons, and a transport, the Lena.

Victoria, B. C., Feb. 3.—Advices from Tokio received by the express of China say that the Japanese preparations for war were being pushed to the utmost, and it was rumored that if the Russian reply proved finally unacceptable Japan would immediately throw 30,000 troops into Korea to safeguard her interests there. Some 20 commercial fighters were known to have been chartered by the government, those of the Toyo Kisen Kaisha having been converted into fast cruisers, as have also some of the Nippon Yusen Kaisha boats, including the Nikoto. The second reserve of the Korura division were called out. Various military appointments were made, including that of Major General Ichi to be military attache to the Seoul legation.

The provisioning of the fleet and the purchase of supplies for the naval and military personnel were completed, some American firms securing profitable orders. Tenders for the supply of an enormous quantity of food and provisions were invited in the Manila papers and it was inferred that Manila might be made a supplementary base of supplies in the event of hostilities, as British ports, such as Hongkong, would be too closely watched to be available.

PANIC ON STEAMBOAT.

River Craft Damaged by Ice Floe Which Buoyed It Up.

Cincinnati, Feb. 3.—The ice floe partly wrecked a steamboat and then saved it. A ferryboat plying between New Richmond, O., and California, Ky., while crowded with passengers, was stove in by the ice and placed in danger of sinking. The passengers were panic-stricken and begged the captain to run ashore.

The boat, however, was caught in the ice and drifted two miles before it could be brought to shore. It was found that the huge floe acted as a raft on which the vessel had floated.

CLARKSBURG BANK FAILS.

West Virginia Institution Closed by Comptroller of Treasury.

Washington, Feb. 3.—The Traders National bank of Clarksburg, W. Va., has been closed by order of the Comptroller of the Currency and National Bank Examiner Robinson has been appointed temporary receiver.

Clarksburg, W. Va., Feb. 3.—The Traders National Bank, which has been closed by order of the Comptroller of the Currency, is the largest bank in the city. Assets a million and a quarter. It is thought the bank will resume business. No statement of its condition has been made.

The bank was organized April 15, 1891, with T. M. Jackson, as president, and S. H. White, cashier.

The cause assigned for the failure of the Traders National Bank is lack of available assets, but the real reason stated by those informed, is investments by officials of the bank of its funds in enterprises of large magnitude which have so far realized no returns.

Pressure was brought to bear on the bank to meet its obligations and after futile effort to raise money the suspension was forced by Bank Examiner Robinson, who has been scrutinizing its affairs several days.

Since its organization a very liberal business has been done by it and its influence was felt over a wide scope of territory. Thought to be sound, the failure came as a shock, but a panic was avoided by assurance from reliable sources that the stockholders and not the depositors would be losers. No attempt was made at a run on the Traders or the other banks, which are regarded sound.

Bankruptcy proceedings against the Jackson Iron and Tin Plate Mill and large suits against Moore Jackson, president of both the Tin Plate mills and the Traders bank, played a prominent part in the failure, the funds of the bank being thus involved.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be warded off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. CHILD BADLY HURT
BY CARELESS DRIVER

Little Katie Hargraves Sustained Painful Injuries Yesterday—Parents Are Indignant.

Katie, the 8-year-old daughter of Mr. and Mrs. James Hargraves, of Pennsylvania avenue, was run down and seriously injured late yesterday afternoon by a team of horses attached to a delivery wagon, the driver of which is not known. The accident occurred near the Fisher bakery on Pennsylvania avenue, the child being on her way home from a visit to the city. After striking the child the driver continued on his way without stopping to see how badly his victim had been hurt.

The injured girl was found a short time later by the driver of another vehicle, who took her to her home. Dr. W. E. Mowen, who was called, found that the ligaments of her left foot had been badly torn, an injury that will prevent her from walking for at least two weeks. No bones were broken, however.

The child's parents are very indignant over the affair, Mr. Hargraves reporting the matter to the police. If the driver is identified prosecution will likely follow.

NO EVIDENCE THAT
KRUGER IS INSANE

Insanity Expert Finds the Murderer Thoroughly Responsible For His Deeds.

TO HANG ON FEBRUARY 11

Unless the Governor of Pennsylvania Should Again Interfere—Dr. McLeod Comments Upon the Mental Condition of the Prisoner.

Harrisburg, Pa., February 3.—"Utterly did I fail in discovering any evidence leading to the belief of the insanity of the unhappy prisoner."

This statement is made by Dr. George I. McLeod, of Philadelphia, secretary of the state lunacy committee, in his written report to Governor S. W. Pennypacker on the mental condition of Charles E. Kruger, under sentence to be hanged at Greensburg on February 11.

"The presenting conditions," continued Dr. McLeod, "were not those appertaining to the class known as degenerate, but only those associated with the usual moral obliquity of the confirmed criminal. He is thoroughly responsible, and he fully distinguishes right from wrong, with certain knowledge of the penalty attached to commission of the latter."

"His disregard for the taking of human life has been displayed only when such action would insure to his personal advantage. In commenting upon the capital crime, for the expiration of which he is now under sentence, he expressed no regret nor remorse, merely asserting that he did not intend to kill. This, however, by the testimony adduced at his trial seems scarcely probable."

Dr. McLeod also says that the manifestations which led to Kruger being discharged from the state hospital at Massillon in so short a time after he reached the institution that leads to the conclusion that this insanity was feigned.

The governor recently respited Kruger on the plea of his mother that the boy was insane, in order that an examination might be made of his mental condition. The board of pardons, to which the case was referred by the governor, directed Dr. McLeod to examine the prisoner and make a report direct to the executive. Unless the governor interferes, Kruger will be hanged on February 11.

MR. HILL'S NEW BILL
REGULATING GAS SALE

Its Provisions Are Stringent And Gas Interests Will Be Sure to Fight It.

Columbus, February 3.—(Special.)—Hon. E. W. Hill's bill to regulate natural gas companies has some very stringent provisions for those who disregard its provisions. The gas companies of the state will doubtless bring all pressure possible to bear to defeat the measure. Mr. Hill has been at work on it for some time and will complete it today. He has made the subject matter a study and believes his measure will stand the test.

The bill amends sections 3550 to 3556 of the revised statutes relating to the sale of manufactured gas, to make them apply to the sale of the natural article. The effect of these amendments will be that every natural gas meter will have to be tested and sealed as correct by the companies owning them. Each company is required to secure from the state sealer of weights and measures, at its own expense, a meter prover, to be used in proving meters. This to be done in the presence of the consumer. If the consumer suspects his meter is defective the company shall, upon his request, test the same, and if it proves to be correct the consumer shall pay the expenses, otherwise it is paid by the company.

The measure also requires monthly statements to be made as to the purity of gas furnished. This will reveal whether or not there is any foundation for the popular notion that gas is often diluted with air. The fee for making tests is not to exceed 50 cents. A penalty of a fine of \$500 and imprisonment of 30 days is provided for false sealing of a meter. The person actually making the test is held liable, not the company. The law regulating the sale of manufactured gas provides that a company can be held for \$100 for false testing, to be secured by civil action.

CONGRESSMAN LIVINGSTON

Says Pe-ru-na is a Splendid Catarrhal Tonic.

COLONEL L. I. LIVINGSTON.

Colonel L. I. Livingston, Member of the Industrial Commission and the leading Democratic member of the Committee on Appropriations in the House of Representatives, whose home is at Atlanta, Ga., writes:

"I take pleasure in joining with General Wheeler, Congressman Brewer and others in recommending Peruna as an excellent tonic and a catarrh cure."—Col. L. I. Livingston.

Colonel Livingston writes: "All phases of catarrh, acute or chronic, are promptly and permanently cured. It is through its operation upon the nervous system that Peruna has attained such a world-wide reputation as a sure and reliable remedy for all phases of catarrh wherever located."

Mr. Jas. O. Morin, 1179 Ontario street, Montreal, Canada, writes:

"Peruna is certainly a great catarrh remedy. It cured me of catarrh of the head and I gladly indorse it. Canadians are peculiarly afflicted with this disease and for years the doctors have tried to overcome it with elixirs, powders and pills, but Peruna has solved the question and since the medicine has been established here hundreds of people have been cured of catarrh."—Jas. O. Morin.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

MONEY FOR THE CANAL.

Secretary Shaw Will Recall Deposits to Meet Obligations.

Washington, Feb. 3.—It is the general expectation in administration circles that the Panama treaty will be ratified about the middle of the present month and in anticipation of that event Secretary Shaw soon will take steps looking to a recall of a portion of the public funds now in the hands of the national bank depositories.

Just what percentage of these public deposits will be called for has not yet been determined, but there is reason to believe that it will approximate 20 per cent or \$30,000,000. The exact time when the call will be made of course is not yet settled, in view of the uncertainty as to the date of the ratification of the treaty, but notice to the banks in all probability will be sent out as soon as possible after that date. No actual payments, however, are likely to be made for at least a month after the ratification, as it is expected that the department of justice will require that much time in which to adjust and settle the several comparatively small claims against the canal property held in Colombia and France, which this government will see are liquidated and the liens discharged, at least before all of the \$50,000,000 is paid.

Secretary Shaw declines to discuss the details of his plan of payment beyond saying that the matter has been practically arranged in a manner which insures the money market against disturbance. In fact, it is believed that the total payments growing out of the canal purchase will be made without sending abroad any actual cash whatever.

GOVERNOR APPEALS FOR AID.

Issues Proclamation Calling for Help for Harwick Victims.

Harrisburg, Feb. 3.—Governor Pennypacker has issued a proclamation calling upon the people of Pennsylvania for contributions for the relief of the families of the victims of the Harwick mine disaster at Cheswick. The governor's proclamation follows:

"Whereas, By an explosion of gas in the Harwick mine, near Cheswick, Pa., 184 unfortunate miners lost their lives and many of them left their families destitute and impoverished. Now, therefore, I, Samuel W. Pennypacker, governor of the said commonwealth, do issue this, my proclamation, to the charitable citizens of Pennsylvania, requesting that they take vigorous and prompt action for the relief of those families, and do further request all willing to aid in this good work to communicate with the authorities of Cheswick, or George A. Bigley, chairman of the permanent relief committee at that place."

CHILD BADLY HURT
BY CARELESS DRIVER

Little Katie Hargraves Sustained Painful Injuries Yesterday—Parents Are Indignant.

Katie, the 8-year-old daughter of Mr. and Mrs. James Hargraves, of Pennsylvania avenue, was run down and seriously injured late yesterday afternoon by a team of horses attached to a delivery wagon, the driver of which is not known. The accident occurred near the Fisher bakery on Pennsylvania avenue, the child being on her way home from a visit to the city. After striking the child the driver continued on his way without stopping to see how badly his victim had been hurt.

The injured girl was found a short time later by the driver of another vehicle, who took her to her home. Dr. W. E. Mowen, who was called, found that the ligaments of her left foot had been badly torn, an injury that will prevent her from walking for at least two weeks. No bones were broken, however.

The child's parents are very indignant over the affair, Mr. Hargraves reporting the matter to the police. If the driver is identified prosecution will likely follow.

VISITED WELLSVILLE

Degree Team of Buckeye Castle Initiated Candidates Last Night For Sister Lodge.

The degree team of Buckeye castle, No. 98, Knights of the Golden Eagle, accompanied by about 12 of the members of the order, were at Wellsville last night, where they conferred degrees on three candidates for admission into Ohio Valley castle, No. 108, recently instituted in that city. The Buckeye team is earning an enviable reputation for the manner in which it puts on the work and those who witnessed the ceremony last night were very well pleased.

The Wellsville castle will visit Buckeye castle next Friday evening, the regular meeting night of the latter, and several more candidates will be initiated with the degree team doing the work.

Swearingen Arrested.

Harry Swearingen, a well known potter, was arrested yesterday afternoon and taken to the city hall, where he awaits a hearing before Mayor Weaver on a charge of intoxication. It is alleged against Swearingen that he became intoxicated and raised a disturbance along the C. & P. tracks in the East End. Officer Fisher made the arrest.

Will Witness Installation.

Members of Eureka Circle will be the guests of Stratton circle tomorrow night, the occasion being the installation of officers and the initiation of a large class of candidates. Refreshments will be served and a social session will follow the business meeting.

NO EVIDENCE THAT
KRUGER IS INSANE

Insanity Expert Finds the Murderer Thoroughly Responsible For His Deeds.

TO HANG ON FEBRUARY 11

Unless the Governor of Pennsylvania Should Again Interfere—Dr. McLeod Comments Upon the Mental Condition of the Prisoner.

Harrisburg, Pa., February 3.—"Utterly did I fail in discovering any evidence leading to the belief of the insanity of the unhappy prisoner."

This statement is made by Dr. George I. McLeod, of Philadelphia, secretary of the state lunacy committee in his written report to Governor S. W. Pennypacker on the mental condition of Charles E. Kruger, under sentence to be hanged at Greensburg on February 11.

"The presenting conditions," continued Dr. McLeod, "were not those appertaining to the class known as degenerate, but only those associated with the usual moral obliquity of the confirmed criminal. He is thoroughly responsible, and he fully distinguishes right from wrong, with certain knowledge of the penalty attached to commission of the latter."

"His disregard for the taking of human life has been displayed only when such action would insure to his personal advantage. In commenting upon the capital crime, for the expiration of which he is now under sentence, he expressed no regret nor remorse, merely asserting that he did not intend to kill. This, however, by the testimony adduced at his trial seems scarcely probable."

Mr. McLeod also says that the manifestations which led to Kruger being discharged from the state hospital at Massillon in so short a time after he reached the institution that leads to the conclusion that this insanity was feigned.

The governor recently respite Kruger on the plea of his mother that the boy was insane, in order that an examination might be made of his mental condition. The board of pardons, to which the case was referred by the governor, directed Dr. McLeod to examine the prisoner and make a report direct to the executive. Unless the governor interferences, Kruger will be hanged on February 11.

MR. HILL'S NEW BILL
REGULATING GAS SALE

Its Provisions Are Stringent And Gas Interests Will Be Sure to Fight It.

Columbus, February 3.—(Special.)—Hon. E. W. Hill's bill to regulate natural gas companies has some very stringent provisions for those who disregard its provisions. The gas companies of the state will doubtless bring all pressure possible to bear to defeat the measure. Mr. Hill has been at work on it for some time and will complete it today. He has made the subject matter a study and believes his measure will stand the test.

The bill amends sections 3550 to 3556 of the revised statutes relating to the sale of manufactured gas, to make them apply to the sale of the natural article. The effect of these amendments will be that every natural gas meter will have to be tested and sealed as correct by the companies owning them. Each company is required to secure from the state sealer of weights and measures, at its own expense, a meter prover, to be used in proving meters. This to be done in the presence of the consumer. If the consumer suspects his meter is defective the company shall, upon his request, test the same, and if it proves to be correct the consumer shall pay the expenses, otherwise it is paid by the company.

The measure also requires monthly statements to be made as to the purity of gas furnished. This will reveal whether or not there is any foundation for the popular notion that gas is often diluted with air. The fee for making tests is not to exceed 50 cents. A penalty of a fine of \$500 and imprisonment of 30 days is provided for false sealing of a meter. The person actually making the test is held liable, not the company. The law regulating the sale of manufactured gas provides that a company can be held for \$100 for false testing, to be secured by civil action.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

When you ask for Mrs. Austin's Pan cake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

CONGRESSMAN LIVINGSTON
Says Pe-ru-na is a Splendid Catarrhal Tonic.

COLONEL L. I. LIVINGSTON, Member of the Industrial Commission and the leading Democratic member of the Committee on Appropriations in the House of Representatives, whose home is at Atlanta, Ga., writes:

"I take pleasure in joining with General Wheeler, Congressman Brewer and others in recommending Peruna as an excellent tonic and a catarrh cure."

Colonel L. I. Livingston, Member of the Industrial Commission and the leading Democratic member of the Committee on Appropriations in the House of Representatives, whose home is at Atlanta, Ga., writes:

"Peruna is certainly a great catarrh remedy. It cured me of catarrh of the head and I gladly endorse it. Canadians are peculiarly afflicted with this disease and for years the doctors have tried to overcome it with elixirs, powders and pills, but Peruna has solved the question and since the medicine has been established here hundreds of people have been cured of catarrh."

MONEY FOR THE CANAL.

Secretary Shaw Will Recall Deposits to Meet Obligations.

Washington, Feb. 3.—It is the general expectation in administration circles that the Panama treaty will be ratified about the middle of the present month and in anticipation of that event Secretary Shaw soon will take steps looking to a recall of a portion of the public funds now in the hands of the national bank depositories.

Just what percentage of these public deposits will be called for has not yet been determined, but there is reason to believe that it will approximate 20 per cent or \$30,000,000. The exact time when the call will be made of course is not yet settled, in view of the uncertainty as to the date of the ratification of the treaty, but notice to the banks in all probability will be sent out as soon as possible after that date. No actual payments, however, are likely to be made for at least a month after the ratification, as it is expected that the department of justice will require that much time in which to adjust and settle the several comparatively small claims against the canal property held in Colombia and France, which this government will see are liquidated and the liens discharged, at least before all of the \$50,000,000 is paid.

Secretary Shaw declines to discuss the details of his plan of payment beyond saying that the matter has been practically arranged in a manner which insures the money market against disturbance. In fact, it is believed that the total payments growing out of the canal purchase will be made without sending abroad any actual cash whatever.

GOVERNOR APPEALS FOR AID.

Issues Proclamation Calling for Help for Harwick Victims.

Harrisburg, Feb. 3.—Governor Pennypacker has issued a proclamation calling upon the people of Pennsylvania for contributions for the relief of the families of the victims of the Harwick mine disaster at Cheswick. The governor's proclamation follows:

"Whereas, By an explosion of gas in the Harwick mine, near Cheswick, Pa., 184 unfortunate miners lost their lives and many of them left their families destitute and impoverished. Now, therefore, I, Samuel W. Pennypacker, governor of the said commonwealth, do issue this, my proclamation, to the charitable citizens of Pennsylvania, requesting that they take vigorous and prompt action for the relief of those families, and do further request all willing to aid in this good work to communicate with the authorities of Cheswick, or George A. Bigley, chairman of the permanent relief committee at that place."

The Panama canal will be built. Every
political party that has arisen in the
country in the past 50 years has
declared that it ought to be built, and
Democrats especially have been most
persistent in urging that there be a
waterway across the isthmus. Yet some
Democrats will vote against the
ratification of the canal treaty, hoping
thereby to embarrass a Republican ad-
ministration. Vain hope! It is an
American question, not a party ques-
tion, and the best Democrats will ar-
ray themselves on the side of progress.

Some Cubans have been insulting
the American flag. We can be gener-
ous enough to judge Cubans by the
best and not by the worst element
among them. The islanders who have
good sense realize what this country
has done for them and are genuinely
grateful.

Why so much Democratic ridicule
of Panama? As has been pointed out,
Panama ought to be an ideal Demo-
cratic republic. It has a standing
army of only 700 men, and its navy
would hardly intimidate a bull dog.
No danger of militarism down there.

Ohio has some of the most valuable
relics of the mound builders that are
extant anywhere. A bill is to be in-
troduced in the legislature providing
for their preservation. It is a most
excellent idea and ought to be encour-
aged.

The treasury department has de-
cided that frogs' legs are poultry un-
der the tariff law, thus vindicating the
judgment of the Irishman who styled
the batrachian "a mighty quare bird."

The czar will be confronted by the
embarrassing question how to keep
3,000 miles of railroad open, if he de-

clares war. A little experience with
the C. & P. would convince him that
he would have his hands full looking
after one-tenth of the mileage and no
war in progress.

King Edward has not declared him-
self on the tariff question. Those who
were claiming him as a free trade
Democrat will have to wait for a more
definite declaration than is to be found
in his speech at the opening of par-
liament.

Every time there is a wreck on the
Cincinnati street car line the public is
informed that the brakes refused to
work. Well, are there no brakes to
be had that will work?

In spite of the fact that election is
coming on, the administration serves
notice through Attorney General Knox
that there is to be no letup in the war
against baneful trusts.

The unkindest things that are being
said about Bryan are being said by
Democrats. This is a straw which
shows which way the wind is blowing.

"There is Democratic victory
ahead!" shouts Bryan, who appears to
be totally unconscious of the fact that
he is looking the other way.

The ground hog seems to care more

tics and a good type of the energetic

taining his reputation as a prophet.

OBITUARY

John McGuire.

John McGuire, a former resident of
this city, died yesterday morning at
the home of Henry White, in Alliance.
Death was due to an attack of heart
failure, which developed very sudden-
ly. He had been suffering for a week
with a severe cold, but was not
thought to be in a serious condition,
chatting pleasantly with the members
of the White family the evening pre-
ceding. About 10 o'clock yesterday
morning he became faint and although
revived sufficiently to sit up in a chair
it was only a few minutes until he
passed away.

Mr. McGuire was about 60 years of
age and lived in East Liverpool most
of the time in the last 30 years. He
was born in Ireland, learning the pot-
tery trade there. He had been work-
ing at Sebring the past few months,
but made his home in Alliance, board-
ing with the White family. His fam-
ily, a wife and four children, are res-
idents of East Liverpool. The children
are John, Anna, Thomas and Joseph.

Upon receipt of a telegram announc-
ing the death of John McGuire, the
oldest son, accompanied by W. Quinn,
left for Alliance, returning today at
noon with the body. The funeral ser-
vices will be held Friday morning
at St. Aloysius' church, Rev. Father
Mahon officiating. The burial will be
in St. Aloysius' cemetery.

Mrs. Lizzie Brown.

Lisbon, February 3.—(Special).—
Mrs. Lizzie Brown, widow of Joseph
Brown, who died last May, died at 10
o'clock this morning at her home six
miles south of Lisbon, near Madison
church, in Madison township. The de-
ceased was about 68 years old, and
lived on the farm which she and her
husband had occupied for many years.
The farm consists of 190 acres and
was sold at sheriff's sale as the result
of partition proceedings for \$11,115.
Mrs. Brown is said to have been much
depressed since the sale of the place.
She is survived by a daughter, Mrs.
Margaret L. Moore. Funeral services
will be held probably Friday at Mad-
ison church, Rev. Arthur Fellows offi-
ciating.

AT THE THEATER

In F. R. Hallam's great revival of
"Damon and Pythias" there is one
scene that is so realistic that it sim-
ply carries the audience off its feet and
creates the most intense enthusiasm.
This occurs in the last act. In the
background is seen a magnificent view
of the country around the city of Syr-
acuse, the great hills and valleys
standing out in bold relief. The min-
utes are being counted. The question
on all lips, in all faces, is "Will Da-
mon come?" Nearer and nearer grows
the hour. Still firm in his faith that
Damon will come, yet fearful lest some
accident has overtaken him, Pythias
stands and waits for the fatal moment.
Suddenly the deathly silence is broken
by a frenzied shout. "He comes," is
the cry, and far away on the brow of
a hill is seen a horseman wildly gal-
loping. The horseman dashes down
one hill and is lost sight of for a mo-
ment, then re-appears and it is seen
that he is spurring his gallant steed
to desperation. The animal falls ex-
hausted and then Damon runs. He runs
like a madman for the life of his friend
is the stake. The mob of citizens and
soldiers shout with wild excitement
as Damon rushes into their midst and
falls fainting into the arms of Pythias.
At the Grand tonight.

No smiles—all laughs and screams.
The brightest, best, most brilliant mu-
sical comedy now before the public.
Of late years good looks and agility
have counted more than ability to sing
in the selection of chorus girls for mu-
sical comedy productions. The ten-
dency has been the same with prin-
cipals and musical stars have been no-
ted for their fun-making or their taste
in dress rather than their vocal qual-
ifications. In his big production of the
latest musical extravaganza, "The
Beauty Doctor," Fred E. Wright has
made a feature of the singing strength
of his big company of 50, which will
be seen at the Grand opera house
Thursday night.

The quality of Edward Blondell's
big, spectacular extravaganza,
"Through the Center of the Earth,"
which appears at the Grand Saturday
and Monday evenings, is always of one
unvarying standard of merit, delig-
htful to the eye, agreeable to the ear and
as sparkling as a diamond of the first
water. The success of the piece is due
in a large measure to the excellent tal-
ent comprising the cast and to the
bevy of pretty girls who handle the
many musical numbers in a very pleas-
ing manner.

Stetson's "Uncle Tom's Cabin" is
the title of a really big company,
which, under the personal manage-
ment of Leon Washburn, whose name
has been long and favorably associ-
ated with up-to-date amusements, is to
appear at the Grand next Tuesday
evening. The company comprises 50
people, including a dozen specialty ar-
tists, two quartets, a big superb orches-
tra, and many colored comedians, who
add to the big production not a little
by their spontaneous wit and clever
singing and dancing. Watch for the
big street parade.

What You Need for Constipation

When troubled with constipation, what
you need is a remedy that is sure to produce
the desired effect. A remedy that is mild
and gentle in its action. A remedy that
leaves the bowels in a natural and healthy
condition. A remedy that is easy and pleasant
to take. Chamberlain's Stomach and Liver
Pills meet all of these requirements. Give
them a trial and you will never wish to take
another dose of pills. Use them as directed
and they will cure chronic constipation.
Price 25 cents. Every box is warranted
for sale by Alvin H. Bulger.

PREACHER FOUND GUILTY.

Man Who Advised Lynching of Negro
Mildly Punished.

Wilmington, Del., Feb. 3.—The Rev.
Robert A. Ellwood, pastor of Olivet
Presbyterian church of this city, who
was tried by the New Castle presby-
tery on charges growing out of the
sermon entitled "Should the Murderer
of Miss Helen Bishop be Lynched?"
preached by him the day before George
White, the negro murderer of Miss
Bishop, was burned at the stake, was
found guilty on three of the six spec-
ifications presented against him. A
committee of five was appointed to
fix punishment, and this committee
recommended that the Rev. Ellwood
be cautioned to be more careful in the
future. The presbytery accepted the
recommendation and adjourned.
The specifications on which he was
found guilty are in substance as fol-
lows:
"Guilty of unministerial and un-
Christian conduct in that he violated
the constitution of the Presbyterian
church in the United States of Amer-
ica in the twentieth chapter of the
confession of faith, section four, by
preaching an unsound and unwise ser-
mon."
"Guilty of charging, in the event of
the lynching of the alleged criminal,
the responsibility therefor upon the
judges of courts of New Castle county
and state of Delaware, and thereby
tending to lessen reverence and re-
spect to constitutional authorities in
maintenance of civil law."
"Guilty of advising lynching of al-
leged criminal if his trial be delayed,
or if found guilty, through some tech-
nicity he be not given capital pun-
ishment."

PARLIAMENT OPENED.

King Edward and Queen Alexandra
Performed Duties of State.

London, Feb. 3.—King Edward
opened parliament with all the cere-
monial that has been in vogue since
his accession to the throne. None of
the familiar outdoor features was
lacking. The weather conditions,
however, were too depressing to per-
mit of much enthusiasm.

Early in the day occurred the time-
honored search of the vaults of the
houses of parliament for conspirators
and later came the crowds, under a
forest of umbrellas, always eager for
anything in the way of pageantry, but
their ranks were thinned by the in-
clement weather. In the passage of
the royal procession along the troop-
lined route from Buckingham palace
to St. Stephen's there was no novelty
introduced and the effect was sadly
marred by the drenched appearance
of the cortege. Half a dozen state
carriages with the suites preceded the
ornate coach of state, drawn by eight
cream-colored Hanoverian horses,
and bearing the king and queen. The
procession was surrounded by the
usual retinue of equestrians, outriders,
yeomen of the guard, exercising their
ancient right to be in close attend-
ance on the sovereign, and an escort

of Household cavalry. The Prince
and Princess of Wales had a small
procession of their own from Marl-
borough house.

After entering the house of lords
by the royal gate beneath the Vic-
toria tower, their majesties were
robed and, preceded by the state re-
galia, passed in procession to the
chamber, where the lords had assem-
bled to hear the king's speech. Many
peeresses were present and their
feathers, jewels and bright dresses,
with the varicolored robes of the leg-
islators of the upper house and the
brilliant diplomatic uniforms, com-
bined to make up an effective scene.

Ambassador Choate was confined to
his house by a slight cold and was
unable to attend, so the United States
embassy was represented by Secre-
tary White and Second Secretary Car-
ter. On the arrival of the members
of the house of commons King Ed-
ward read the speech from the throne.

The Panama canal will be built. Every

political party that has arisen in the

country in the past 50 years has

declared that it ought to be built, and

Democrats especially have been most

persistent in urging that there be a

waterway across the isthmus. Yet

some Democrats will vote against the

ratification of the canal treaty, hoping

thereby to embarrass a Republican ad-

ministration. Vain hope! It is an

American question, not a party ques-

tion, and the best Democrats will ar-

ray themselves on the side of pro-

gress.

Some Cubans have been insulting

the American flag. We can be gener-

ous enough to judge Cubans by the

best and not by the worst element

among them. The islanders who have

good sense realize what this country

has done for them and are genuinely

grateful.

Why so much Democratic ridicule

of Panama? As has been pointed out,

Panama ought to be an ideal Demo-

cratic republic. It has a standing

army of only 700 men, and its navy

would hardly intimidate a bull dog.

No danger of militarism down there.

Ohio has some of the most valuable

relics of the mound builders that are

extant anywhere. A bill is to be in-

troduced in the legislature providing

for their preservation. It is a most

excellent idea and ought to be encour-

aged.

The treasury department has de-

cided that frogs' legs are poultry un-

der the tariff law, thus vindicating the

judgment of the Irishman who styled

the batrachian "a mighty quare bird."

The czar will be confronted by the

embarrassing question how to keep

2,000 miles of railroad open, if he de-

clares war. A little experience with

the C. & P. would convince him that

he would have his hands full looking

after one-tenth of the mileage and no

war in progress.

King Edward has not declared him-

self on the tariff question. Those who

were claiming him as a free trade

Democrat will have to wait for a more

definite declaration than is to be found

in his speech at the opening of par-

liament.

Every time there is a wreck on the

Calecutta street car line the public is

informed that the brakes refused to

work. Well, are there no brakes to

be had that will work?

In spite of the fact that election is

coming on, the administration serves

notice through Attorney General Knox

that there is to be no letup in the war

against baneful trusts.

The unkindest things that are being

said about Bryan are being said by

Democrats. This is a straw which

shows which way the wind is blowing.

"There is Democratic victory

ahead!" shouts Bryan, who appears to

be totally unconscious of the fact that

he is looking the other way.

The ground hog seems to care more

for the good opinion of the gas pur-

veyor than for that of the common

people.

The late William C. Whitney was

successful both in finance and in poli-

tics and a good type of the energetic

American.

The ground hog lost no time in sus-

taining his reputation as a prophet.

Krugers' stories fooled some people,

but not the insanity expert.

OBITUARY

John McGuire.

John McGuire, a former resident of

this city, died yesterday morning at

the home of Henry White, in Alliance.

Death was due to an attack of heart

failure, which developed very sudden-

ly. He had been suffering for a week

with a severe cold, but was not

thought to be in a serious condition,

chatting pleasantly with the members

of the White family the evening pre-

ceding. About 10 o'clock yesterday

morning he became faint and although

revived sufficiently to sit up in a chair

it was only a few minutes until he

passed away.

Mr. McGuire was about 60 years of

age and lived in East Liverpool most

of the time in the last 30 years. He

was born in Ireland, learning the pot-

ters' trade there. He had been work-

ing at Sebring the past few months,

but made his home in Alliance, board-

ing with the White family. His fam-

ily, a wife and four children, are res-

idents of East Liverpool. The children

are John, Anna, Thomas and Joseph.

Upon receipt of a telegram announc-

ing the death of John McGuire, the

oldest son, accompanied by W. Quinn,

left for Alliance, returning today at

noon with the body. The funeral ser-

vices will be held Friday morning at

St. Aloysius' church, Rev. Father

Mahon officiating. The burial will be

in St. Aloysius' cemetery.

Mrs. Lizzie Brown.

Lisbon, February 3.—(Special).—

Mrs. Lizzie Brown, widow of Joseph

Brown, who died last May, died at 10

o'clock this morning at her home six

miles south of Lisbon, near Madison

church, in Madison township. The de-

ceased was about 68 years old, and

lived on the farm which she and her

husband had occupied for many years.

The farm consists of 190 acres and

was sold at sheriff's sale as the result

of partition proceedings for \$11,115.

Mrs. Brown is said to have been much

depressed since the sale of the place.

She is survived by a daughter, Mrs.

Margaret L. Moore. Funeral services

will be held probably Friday at Mad-

ison church, Rev. Arthur Fellows of-

ficiating.

AT THE THEATER

In F. R. Hallam's great revival of

"Damon and Pythias" there is one

scene that is so realistic that it im-

mediately carries the audience off its feet and

creates the most intense enthusiasm.

This occurs in the last act. In the

background is seen a magnificent view

of the country around the city of Syr-

acuse, the great hills and valleys

standing out in bold relief. The min-

utes are being counted. The question

on all lips, in all faces, is "Will Da-

mon come?" Nearer and nearer grows

the hour. Still firm in his faith that

Damon will come, yet fearful lest some

accident has overtaken him, Pythias

stands and waits for the fatal moment.

Suddenly the deathly silence is broken

by a frenzied shout. "He comes," is

the cry, and far away on the brow of

a hill is seen a horseman wildly gal-

loping. The horseman dashes down

one hill and is lost sight of for a mo-

ment, then re-appears and it is seen

that he is spurring his gallant steed

to desperation. The animal falls ex-

hausted and then Damon runs. He runs

like a madman for the life of his friend

is the stake. The mob of citizens and

soldiers shout with wild excitement

as Damon rushes into their midst and

falls fainting into the arms of Pythias.

At the Grand tonight.

No smiles—all laughs and screams.

The brightest, best, most brilliant mu-

sical comedy now before the public.

Of late years good looks and agility

have counted more than ability to sing

in the selection of chorus girls for mu-

sical comedy productions. The ten-

dency has been the same with prin-

cipals and musical stars have been no-

ted for their fun-making or their taste

in dress rather than their vocal qual-

ifications. In his big production of the

latest musical extravaganza, "The

Beauty Doctor," Fred E. Wright has

made a feature of the singing strength

of his big company of 50, which will

be seen at the Grand opera house

Thursday night.

The quality of Edward Blondell's

big, spectacular extravaganza,

"Through the Center of the Earth,"

which appears at the Grand Saturday

and Monday evenings, is always of one

unvarying standard of merit, delig-

htful to the eye, agreeable to the ear

and as sparkling as a diamond of the

first water. The success of the piece is

due in a large measure to the excellent

talent comprising the cast and to the

bevy of pretty girls who handle the

many musical numbers in a very pleas-

ing manner.

Stetson's "Uncle Tom's Cabin" is

the title of a really big company,

which, under the personal manage-

ment of Leon Washburn, whose name

has been long and favorably associ-

ated with up-to-date amusements, is to

appear at the Grand next Tuesday

evening. The company comprises 50

people, including a dozen specialty ar-

tists, two quartets, a big superb orches-

tra, and many colored comedians, who

WELLSVILLE AND VICINITY

REMONSTRANTS READY
WITH THEIR PETITIONPROPERTY OWNERS OBJECT TO
GIVING THE C. & P. MORE.West End Residents on Hand to Ob-
ject to Concessions, But Coun-
cil Did Not Meet.

Only four members of council appeared at city hall last night. These were Crubagh, Shoub, McDonald and Blackburn. After the roll had been called council adjourned to meet Friday evening and the city is now asked to pay \$4 for the session, at which no business was transacted.

To remonstrate against any action on the part of council in granting the Cleveland & Pittsburgh Railroad company additional concessions in the West End, caused a number of property owners in that section of the city to come to the city hall last night to attend the meeting. No session being held the women in the party were sorely disappointed.

The railroad company some weeks ago filed a petition in council asking that property owners along Sixteenth, Seventeenth, Nineteenth, Twentieth and Petroleum streets be ordered to vacate their premises.

The company claims that it desires the property for siding purposes, but so far no attempt has been made to obtain any of this property through purchase.

Among those from the West End who went to council from the West End last night were: Mr. and Mrs. S. S. Carnahan, Mr. and Mrs. Harper, Mrs. Robert Ralston, Mr. and Mrs. John Dunlap, Mr. and Mrs. James Mackey, Mrs. William Aughinbaugh, Mrs. Hamilton, Benjamin Lee, John Raymond, Hal Sinclair and John Brandt. Some of these people claim that their property will depreciate in value almost 50 per cent if the request of the railroad company is granted, and that they will have no means to replenish their losses.

On the petition which was signed for the railroad company and which was presented to council several weeks ago were seven names. One of those who signed the paper is said to own no property, and that two who did sign the petition own property that would be in no way affected by the proposed railroad improvement. Four other names on this list are now attached to the petition of the property owners, which was presented to council last night urging action against the petition on the part of council.

CROSSING DANGERS

Are Objected to By West End Resi-
dents, Who Are Petitioning
Council.

Residents of the West End today made known their intention of filing with council at its next meeting a petition remonstrating against the unsafe condition of the Eighteenth street crossing. Some residents contend that it required 15 minutes to cross the railroad at times, because of the constant switching of cars, and that life is endangered as a result.

It is claimed that there is no better watchman in the Wellsville district than the one at this crossing, but at times even he is powerless to avert accidents.

K. of C. Installation.

Wellsville Castle Knights of Columbus will install new officers next Sunday afternoon, provided District Deputy Thomas J. Duffy, of East Liverpool, can be present. This work was to have been completed two weeks ago, but the flood caused the event to be continued.

City Clerk McQueen yesterday which was to have been read at council last night. In effect, Mr. Smith asks the city to pave the alley which extends from the Vulcan brick works to Park avenue. Mr. Smith agrees to pay for the work, with the exception of all that which can be assessed against individual property owners. The letter will be read at council Friday night.

The New Castle Growing.

Six new candidates were initiated at a meeting of Ohio Valley castle, No. 108, Knights of the Golden Eagles, at Brotherhood hall on Main street last night. The degree team of Buckeye castle No. 96, of East End, had charge of the new candidates. This new castle is growing rapidly in membership, and at the meeting last night a number of new applications were presented.

Not Yet Able to Work.

Detective Joe Moore, of the Cleveland & Pittsburgh road, who was shot while attempting to make an arrest in the Beaver yards some months ago, was out yesterday, the first time since the release he suffered some weeks ago. It is not likely that Mr. Moore will be able to resume his regular work for at least a month or two longer.

Flinch Club Meeting.

The Tuesday Night Flinch club met last evening at the home of Mrs. John McNamee, of Ninth street. The prize, a handsome china plate, was presented to Mrs. Leitch. Luncheon was served by Mrs. McNamee. The next meeting will be held at the home of Mrs. Ed Martin, on Broadway.

Names Not Announced.

The board of public safety has not announced the names of the successful applicants who passed the civil service examination which was held a week ago last night. Clerk Taylor says he has no idea when the names will be made known, as the matter rests with the members of the board.

Leap Year Social.

The Sons of Temperance lodge will give a leap year box social in their hall in the Aten building next Friday. The boys will make the boxes and they will be purchased by the girls.

WELLSVILLE SHORT STORIES.

Chief of Police Houser was in Lisbon yesterday attending court.

Miss Sylvia Todd is ill with the grip at her home on Commerce street.

An infant child of Mr. and Mrs. Robinson was buried in Spring Hill cemetery yesterday.

Miss Beulah Shoub, who has been ill with the grip for several weeks, is rapidly recovering.

C. V. Shoub left this morning for Columbus, where he will spend a few days on business.

C. G. Stevenson, accompanied by his daughter Earla, left yesterday for Cincinnati for a few days.

Miss Lizzie Aughinbaugh has left for Washington, Pa., where she will visit friends for two weeks.

Duncan Smith, of Center street, who fell on the ice and injured his left arm last Saturday, is recovering.

Mrs. Jordan, who died at her late home on Front street, was buried in Spring Hill cemetery yesterday afternoon.

Supt. Schroyer and Division Supt. Hamilton went over the C. & P. today to Bellaire to inspect the line for flood damage.

About 20 young men of Wellsville went to Lisbon yesterday to attend court. Some were witnesses in the case of the state against College.

Members of the Friars' club minstrel team held their bi-weekly rehearsal Tuesday evening. The date for the show has not been selected.

Justice McKenzie has reserved his decision in the case of Agnew against Arnold, heard a week ago. Judgment was given Agnew for labor for \$31.

There was not a full attendance and the meeting of the business men's association, which was to have been held last night, was continued one week.

Prof. Cassidy, of East Liverpool, will give a dance in the auditorium of city hall tonight. A number of young people from East Liverpool will also attend.

Council during the month of January held four meetings. A bill for \$4 for each member was to have been ordered paid by council last night had there been a session.

The main track of the Cleveland & Pittsburgh road near Salineville, where occurred the wreck early Tuesday morning, was cleared at about midnight. The damaged cars and engines have been brought to the shops for repairs.

Because there are no funds available for their work no meeting of the board of public service was held yesterday. The board has a number of bills to pay. For several weeks creditors have been asking for their money,

MARTIAL LAW REVOKED.

Prisoners in Colorado Bull Penn Delivered to Civil Authorities.

Cripple Creek, Col., Feb. 3.—All the prisoners in the bull pen have been delivered to the civil authorities and martial law revoked. John M. Glover, former congressman from Missouri, was arraigned in the district court on a charge of having attempted to kill Sergeant Dittmore and Smith on Dec. 29 last. He pleaded not guilty and was released under a \$600 bond. Sherman Parker, a leader of the Western Federation of Miners, who has been repeatedly rearrested by the military after furnishing bonds on the various charges fled against him, was also released on bonds. Parker and several other strike leaders who are still in jail was charged by the military with having caused the Vindicator mine explosion by which two men were killed and with having plotted to wreck a train on the Florence and Cripple Creek railroad. The misdemeanor cases against Adjutant General Sherman M. Bell, Brigadier General John Chase, Colonel Edward Verdeckberg and Major Thomas E. McClelland, charged with false imprisonment, were set for trial on Tuesday next.

Telluride, Col., Feb. 3.—Judge Stevens refused an application of the exiled miners for an injunction restraining the military at Telluride from preventing their return to San Miguel county. It is reported that Governor Peabody will declare martial law in this district at an end in a day or two.

Imagines He Is Moses.

Lisbon, February 3.—(Special.)—John R. Caskey, of West township, was adjudged insane yesterday. He was formerly an industrious laboring man and is said to have undergone a great change in the last year, and now imagines himself a second Joseph or Moses. He has suicidal inclinations and is said to be dangerous. He will be sent to Massillon.

Police Looking for Him.

The police have been trying all day to discover whose team it was that ran down the little Hargraves child on Pennsylvania avenue yesterday afternoon. Chief Wyman is making a decided effort to find the person responsible for the accident and if he is found an arrest will be made.

CHURCH RE-DEDICATION

An Event of Interest at the Fairview Christian Church Next Sunday.

The Christian church of Fairview, three miles southeast of New Cumberland, will be re-dedicated February 7. Prof. Cramblet, L. L. D., of Bethany college, will have charge of the first service, which will be held in the morning. Another meeting will be held in the evening at which Rev. A. McCaffrey, of the New Cumberland Christian church, will preside and preach a sermon. From the amount of advertising given the services the attendance promises to be very large.

The Fairview Christian church was organized 30 years ago on February 21, 1874. As far back as 1860 a temporary organization was effected, and the identity of the congregation was maintained until the permanent organization was formed on the date mentioned. Upon the occasion of the first dedication the ceremony was in charge of President Pendleton, then in charge of Bethany college.

Since August, 1902, the congregation has been presided over by Rev. George B. Evans, of Omaha, Neb., who is a forceful and logical speaker and who has been very successful.

WORK ON THE LAKE

Is Now Being Pushed And the Big Undertaking Is Progressing Finely.

Work upon the artificial lake at Rock Springs is again in full swing, and will undoubtedly be completed in the specified time. The contractors have made good progress considering that the task was begun right in the heart of winter and has been carried on without interruption until last week.

To make a complete success of such an undertaking as has been started at Rock Springs a vast amount of cement and other materials must be kept constantly on hand. Just previous to the high water last week a large consignment of materials were somewhere on the road, and owing to the tieup on the Panhandle occasioned by the flood they did not arrive when expected. The supplies were so badly needed

that work had to be stopped temporarily, and three days were lost. Operations are going steadily on this week.

SOLD TO OLD OWNERS

After Much Delay the Kenilworth Brick Plant Has Been Disposed Of.

After several unsuccessful attempts to sell the old Kenilworth brick plant south of Chester, it was finally disposed of yesterday, being bought back by the original owners.

It is understood the company will either rebuild and put the plant in operation themselves or dispose of their interests to a party of men who have been contemplating the construction of an independent plant somewhere in the neighborhood of the Kenilworth factory. Some time ago it was reported that Captain John Porter, the veteran brick manufacturer, was endeavoring to interest capital in the enterprise, but for some unaccountable reason they failed to come forward to bid when the concern was sold yesterday.

Old Residents Leave Town.

William Croxall and wife, who have resided in Chester for many years, having lived there even before it was a town, left yesterday for California, where they will make their future home. Mr. and Mrs. Croxall paid a visit to the Pacific coast a few years ago, and upon their return announced that just as soon as they could adjust matters here to their liking they proposed to locate at Los Angeles. The purchase of the Croxall homestead by John Anderson, of East Liverpool, was exclusively chronicled by the News Review at the time, and this transaction made it possible for the Croxalls to get away.

CHESTER NOTES.

A little son of William Allison is seriously ill.

Mrs. Mary Jackson is confined to her home by illness.

A daughter of Mr. and Mrs. Albert Campbell is reported ill.

D. D. Mercer and family are moving into their new home on Indiana avenue today.

Albert Blazier, an employe at the tin mill, is confined to his home with a severe attack of grip.

Madison Evans has returned to Chester from Steubenville, where he spent several days visiting friends.

J. C. Lewis is having plans prepared for a new dwelling for his own use to be erected on Virginia avenue early in the spring.

Suit has been entered in the court of Justice A. G. Pugh by the Chester Hardware company against Albert Flesch. The amount claimed is \$8, and a hearing will be had next Monday.

Joseph Hobbs, as administrator of the estate of the late Mrs. Margaret Allison, is conducting a sale today at the homestead near Fairview. All of the household goods, farming implements and other equipment is being disposed of. Justice W. C. Johnston is the auctioneer.

REMONSTRANTS READY
WITH THEIR PETITIONPROPERTY OWNERS OBJECT TO
GIVING THE C. & P. MORE.

West End Residents on Hand to Ob-
ject to Concessions, But Coun-
cil Did Not Meet.

Only four members of council ap-
peared at city hall last night. These
were Crubahn, Shoub, McDonald and
Blackburn. After the roll had been
called council adjourned to meet Fri-
day evening and the city is now asked
to pay \$4 for the session, at which no
business was transacted.

To remonstrate against any action
on the part of council in granting the
Cleveland & Pittsburgh Railroad com-
pany additional concessions in the
West End, caused a number of prop-
erty owners in that section of the city
to come to the city hall last night
to attend the meeting. No session be-
ing held the women in the party were
sorely disappointed.

The railroad company some weeks
ago filed a petition in council asking
that property owners along Sixteenth,
Seventeenth, Nineteenth, Twentieth
and Petroleum streets be ordered to
vacate their premises.

The company claims that it desires
the property for siding purposes, but
so far no attempt has been made to
obtain any of this property through
purchase.

Among those from the West End
who went to council from the West
End last night were: Mr. and Mrs.
S. S. Carnahan, Mr. and Mrs. Harper,
Mrs. Robert Ralston, Mr. and Mrs.
John Dunlap, Mr. and Mrs. James
Mackey, Mrs. William Aughinbaugh,
Mrs. Hamilton, Benjamin Lee, John
Raymond, Hal Sinclair and John
Brandt. Some of these people claim
that their property will depreciate in
value almost 50 per cent if the request
of the railroad company is granted, and
that they will have no means to re-
plenish their losses.

On the petition which was signed
for the railroad company and which
was presented to council several weeks
ago were seven names. One of those
who signed the paper is said to own
no property, and that two who did
sign the petition own property that
would be in no way affected by the
proposed railroad improvement. Four
other names on this list are now at-
tached to the petition of the property
owners, which was presented to coun-
cil last night urging action against the
petition on the part of council.

CROSSING DANGERS

Are Objected to By West End Resi-
dents, Who Are Petitioning
Council.

Residents of the West End today
made known their intention of filing
with council at its next meeting a
petition remonstrating against the un-
safe condition of the Eighteenth street
crossing. Some residents contend that
it required 15 minutes to cross the rail-
road at times, because of the constant
switching of cars, and that life is en-
dangered as a result.

It is claimed that there is no better
watchman in the Wellsville district
than the one at this crossing, but at
times even he is powerless to avert
accidents.

K. of C. Installation.

Wellsville Castle Knights of Co-
lumbus will install new officers next
Sunday afternoon, provided District
Deputy Thomas J. Duffy, of East Liver-
pool, can be present. This work was
to have been completed two weeks
ago, but the flood caused the event to
be continued.

MARTIAL LAW REVOKED.

Prisoners in Colorado Bull Penn De-
livered to Civil Authorities.

Cripple Creek, Col., Feb. 3.—All the
prisoners in the bull pen have been
delivered to the civil authorities and
martial law revoked. John M. Glover,
former congressman from Missouri,
was arraigned in the district court on
a charge of having attempted to kill
Sergeants Dittmore and Smith on
Dec. 29 last. He pleaded not guilty
and was released under a \$500 bond.
Sherman Parker, a leader of the
Western Federation of Miners, who
has been repeatedly rearrested by the
military after furnishing bonds on the
various charges filed against him, was
also released on bonds. Parker and
several other strike leaders who are
still in jail was charged by the mili-
tary with having caused the Vindica-
tor mine explosion by which two
men were killed and with having plot-
ted to wreck a train on the Florence
and Cripple Creek railroad. The mis-
deemeanor cases against Adjutant Gen-
eral Sherman M. Bell, Brigadier Gen-
eral John Chase, Colonel Edward Ver-
deckberg and Major Thomas E. Mc-
Clelland, charged with false imprison-
ment, were set for trial on Tuesday
next.

Telluride, Col., Feb. 3.—Judge Stev-
ens refused an application of the ex-
iled miners for an injunction restrain-
ing the military at Telluride from pre-
venting their return to San Miguel
county. It is reported that Governor
Peabody will declare martial law in
this district at an end in a day or two.

WAS ONLY ONE FIELD GOAL

Scored By the Visitors in the Two 20
Minute Halves—Locals Played Fast

stead Will Be the Next Attraction.

Not since last season on the narrow confines of the Y. M. C. A. floor has the East Liverpool five administered such an overwhelming defeat to an opponent. Lyceum, apparently stronger and faster than many other visiting fives, met an awful disaster the score being 48 to 5. Only one field goal for the entire game was allowed them.

From the time Referee Zang called time, starting play in the first half, the visitors were outplayed and outclassed. Watkin electrified the crowd with the

UNUSUAL STORY TOLD

BY OLD SOLDIER.
Daniel Sechrist, of Akron, O., Another
Victim of the Civil War.

The amount of suffering which war entails is hard to compute. The men who are killed on the battle field, or who die in the field hospitals, make only a small proportion of the long list of victims which the strife of nations involves. In a large number of cases speedy death in action would be infinitely preferable to the years of suffering which the hardships encountered during the war have entailed on the brave men who risked their all and went to the front when their country called. Daniel Sechrist, living at 108 Brewster alley, Akron, O., is one of these cases, and has spent the last 30 years a constant sufferer. Within the past six months, however, he was suddenly relieved of all disease and will be able to spend the later years of his life in peace. This is what he says:

The Cooper Medicine Co., Gentlemen—Ever since my service with the 20th Pennsylvania regiment, during the rebellion, I have suffered with stomach trouble, and for a long time have been suffering with asthma. I had long since given up hope of ever being well again and had resigned myself to my trouble. I purchased a bottle of your New Discovery Medicine and began taking it. I have taken only two bottles. After taking the first three doses I felt great relief and now I am glad to say that I am entirely cured.

Yours gratefully,
DANIEL G. SECHRIST,
108 Brewster alley, Akron, O.

What could be more convincing than the word of this old soldier? Notice that he says he felt great relief after taking only three doses. Of course he did. Such is the nature of this great remedy that it affords almost instant relief to sufferers. It has been only two years since the Cooper Medicine Co. started to introduce this great remedy. But where other remedies take years to become known, this great germicide took only months. It is now recognized as the most thorough and scientific treatment for Catarrh, Rheumatism and Stomach Trouble known. It has made life worth living for thousands of chronic sufferers, and is making new friends by the hundreds every day. Small wonder that this wonderful medical product has become so firmly established in so short a time. It cures sick people. It has cured thousands of them. It will cure you. If you are suffering from a general run-down condition and feel tired, gloomy and nervous all the time, get a bottle and see how quickly you will be able to look at the brighter side of things, and once more feel that life is worth living.

first shot of the game, a long one and made at a very difficult angle. This player, who is making himself famous by his long distance shooting, is also becoming just as good at tackling and offensive playing. He worked hard last night and his interference spoiled any number of attempted goals by the visitors.

Dick Rigby, the tall center, easily outclassed both the men who played that position against him. He played just as hard as though his team was in imminent danger of being beaten and his play was the admiration of his opponents. Bloor played both halves, Powell being out on account of an indisposition. He had no trouble in taking care of his man and scoring a number of goals. Allison played a fast game, outclassing his opponent who gave him very little trouble. Chadwick was in the game from start to finish and helped to break up the visitors' team work.

The first half, under National rules, resulted in a score of 23 to 3 for the locals. O'Donnell made the only field goal of the game for the visitors in this half. Their goal shots were wild and several chances to score were thus missed.

In the second half O'Donnell retired and Metzkes went to center, Lambie going in as guard. Lambie, who is a little fellow, proved a veritable whirlwind but he was not familiar with association rules and fouled repeatedly. It was announced from the floor that Homestead will be the next attraction. Dixon and Cline, who were here with the Wagner five, are now with the Homestead.

Following is the summary:
East Liverpool—Allison and Bloor, forwards; Rigby, center; Watkin and Chadwick, guards.

Lyceum—McGovern and Cramer, forwards; O'Donnell and Metzkes, center; Metzkes and Lambie, guards.

Field Goals—Allison 5, Bloor 5, Rigby 3, Watkin 4, O'Donnell 1.

Fouls—Rigby 3, Chadwick 1, Cramer 2, O'Donnell 1.

Time of Halves—20 minutes.

Attendance—400.

Referee—Zang.

The Big Ball Conference.

Every ball player in the country will have his eyes turned towards California for the next few days. The coming conference means a great deal to some, while others are only interested in the outcome. The organized base ball leagues will attempt to persuade the Pacific coast league to enter the national agreement.

High School Defeated.

The high school basket ball five suffered as crushing a defeat as the Lyceums last night at the pavilion, in the preliminary game, the victors being the East Liverpool Juniors. The defeat was to be expected, however, as it was the first game for several of the school boys. The score was 23 to 1.

SPORTING MISCELLANY.

Dan Patch's trainer predicts that the horse will pace a mile next fall in 1:52.

It is a true but peculiar fact that nearly all the first basemen in the big league started their careers as catchers.

George Tebeau holds the unique distinction of holding the controlling interest in three different base ball teams.

Paul Jones, of Youngstown, who is at present a student at the University of Michigan has been selected to coach the Western Reserve university of Cleveland on the gridiron next fall. Mr. Jones was chosen from a host of applicants.

MISS THURSTON

AT ELKS' BENEFIT

A Talented Actress in the Leading Role of a Popular Play

March 16.

Adelaide Thurston, whose picture shows her to be an exceedingly pretty little woman, is soon to appear here. The local lodge of Elks has succeeded in booking her for their annual benefit which is to be given at the Grand on the evening of March 16. "Polly Primrose," a domestic play of civil war times, minus uniforms and powder, however, depending instead upon the love and intrigue of its story to entertain.

Seven years ago Miss Thurston left for her native heath in Minnesota and

faced the great mysteries of New York with a very few dollars and a firm determination to find a place on the stage. The late Charles Hoyt gave her a part in "The Texas Steer." He was the first manager to whom she applied and she was singularly more fortunate than thousands of others who wear out their shoes and their arduous tramping from one manager's office to another in quest of engagements. Afterwards Miss Thurston played in "Alabama" and next as the engine of the Grand Opera Stock company in Pittsburgh. While there she attracted the attention of Charles Frohman who wanted some one to play Lady Habbie in "The Little Minister" in the one night stands, while Maude Adams played in the cities.

Miss Thurston spread herself successfully over a wide stretch of territory in the Barrie play, which attracted the attention of Frank J. and Claxton Wiltach, who engaged her to star for them. "Sweet Clover" was the first season's play in which she appeared. "At Cozy Corners" furnishing the material for the second. In this, the third year of Miss Thurston's starring, the piece is "Polly Primrose," written by Paul Wiltach, a brother of the managers. The author is the personal representative of Richard Mansfield, the celebrated actor, and the author of other plays, notably "A Capitol Comedy," which Tim Murphy retains in his repertory.

COUNTY AND NEIGHBORHOOD

Burglaries are numerous at New Brighton.

Youngstown, on the basis of a new city directory, figures out a population of over 60,000.

Youngstown churches are forming a voters' league to help elect good men to city offices.

The big Mingo plant of the Carnegie Steel company has started up in full for the first time since last August.

Thomas Parker, an old Welsh resident of Youngstown, is dead, aged 75. He was a contracting plasterer for many years.

The Youngstown I. O. O. F. lodge took in 157 new members last year, has 516 members and claims to be the banner lodge of Ohio.

Rev. C. H. Pendleton, of Westbury, R. I., has been chosen pastor of the First Baptist church, Youngstown, vice Dr. Henry Parris, resigned.

John H. Parker, aged 72, foreman, employed in the clay bank of the American Sewer Pipe company, in East Akron, was caught under an avalanche of falling clay and was killed, his neck having been broken.

A Cure For Eczema.

My baby had eczema so bad that its head was a solid mass of scabs, and its hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and its hair growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky. In buying Witch Hazel Salve look out for counterfeits. DeWitt's is the original and the only one containing pure witch hazel. The name E. C. DeWitt is on every box. Sold by Alvin H. Bulger.

GIRL MURDERED.

Postoffice Clerk at Boswell Shot Dead by Negress.

Somerset, Pa., Feb. 3.—Miss Minnie Frickline, aged 22 years, clerk in the postoffice at Boswell since April 1, was shot and instantly killed while on her way to work by a negress, Mrs. Frank Simpson, wife of a Boswell barber.

Miss Frickline was hurrying rapidly along when the colored woman pounced upon her and, drawing a revolver from under her shawl, fired a bullet into the girl's brain. Miss Frickline dropped dead in her tracks. Mrs. Simpson was placed under arrest immediately and taken before Justice of the Peace Ackey, who committed her to jail.

The murdered woman is a daughter of Isaac Frickline, who conducts a furniture store and undertaker's establishment at Boswell.

She was bright and intelligent, and before accepting a position at the postoffice had charge of the Somerset Telephone company's exchange at Boswell.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by so doing failed to cure it. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. CRUSHING DEFEAT FOR LYCEUM FIVE

Fast Pittsburgh Basket Ball Players Narrowly Escaped a Shut-out Last Night.

WAS ONLY ONE FIELD GOAL

Scored By the Visitors in the Two 20 Minute Halves—Locals Played Fast and Piled Up 48 Points—Home-stand Will Be the Next Attraction.

Not since last season on the narrow confines of the Y. M. C. A. floor has the East Liverpool five administered such an overwhelming defeat to an opponent. Lyceum, apparently stronger and faster than many other visiting fives, met an awful disaster the score being 48 to 5. Only one field goal for the entire game was allowed them.

From the time Referee Zang called time, starting play in the first half, the visitors were outplayed and outclassed. Watkin electrified the crowd with the

UNUSUAL STORY TOLD

BY OLD SOLDIER.

Daniel Sechrist, of Akron, O., Another Victim of the Civil War.

The amount of suffering which war entails is hard to compute. The men who are killed on the battle field, or who die in the field hospitals, make only a small proportion of the long list of victims which the strife of nations involves. In a large number of cases speedy death in action would be infinitely preferable to the years of suffering which the hardships encountered during the war have entailed on the brave men who risked their all and went to the front when their country called. Daniel Sechrist, living at 108 Brewster alley, Akron, O., is one of these cases, and has spent the last 30 years a constant sufferer. Within the past six months, however, he was suddenly relieved of all disease and will be able to spend the later years of his life in peace. This is what he says:

The Cooper Medicine Co., Gentlemen—Ever since my service with the 26th Pennsylvania regiment, during the rebellion, I have suffered with stomach trouble, and for a long time have been suffering with Asthma. I had long since given up hope of ever being well again and had resigned myself to my trouble. I purchased a bottle of your New Discovery Medicine and began taking it. I have taken only two bottles. After taking the first three doses I felt great relief and now I am glad to say that I am entirely cured.

Yours gratefully,
DANIEL G. SECHRIST,
108 Brewster alley, Akron, O.

What could be more convincing than the word of this old soldier? Notice that he says he felt great relief after taking only three doses. Of course he did. Such is the nature of this great remedy that it affords almost instant relief to sufferers. It has been only two years since the Cooper Medicine Co. started to introduce this great remedy. But where other remedies take years to become known, this great germicide took only months. It is now recognized as the most thorough and scientific treatment for Catarrh, Rheumatism and Stomach Trouble known. It has made life worth living for thousands of chronic sufferers, and is making new friends by the hundreds every day. Small wonder that this wonderful medical product has become so firmly established in so short a time. It cures sick people. It has cured thousands of them. It will cure you. If you are suffering from a general run-down condition and feel tired, gloomy and nervous all the time, get a bottle and see how quickly you will be able to look at the brighter side of things, and once more feel that life is worth living.

first shot of the game, a long one and made at a very difficult angle. This player, who is making himself famous by his long distance shooting, is also becoming just as good at tackling and offensive playing. He worked hard last night and his interference spoiled any number of attempted goals by the visitors.

Dick Rigby, the tall center, easily outclassed both the men who played that position against him. He played just as hard as though his team was in imminent danger of being beaten and his play was the admiration of his opponents. Bloor played both halves, Powell being out on account of an indisposition. He had no trouble in taking care of his man and scoring a number of goals. Allison played a fast game, outclassing his opponent who gave him very little trouble. Chadwick was in the game from start to finish and helped to break up the visitors' team work.

The first half, under National rules, resulted in a score of 23 to 3 for the locals. O'Donnell made the only field goal of the game for the visitors in this half. Their goal shots were wild and several chances to score were thus missed.

In the second half O'Donnell retired and Metzkes went to center, Lambie going in as guard. Lambie, who is a little fellow, proved a veritable whirlwind but he was not familiar with association rules and fouled repeatedly. It was announced from the floor that Homestead will be the next attraction. Dixon and Cline, who were here with the Wagner five, are now with the Homestead.

Following is the summary:
East Liverpool—Allison and Bloor, forwards; Rigby, center; Watkin and Chadwick, guards.
Lyceum—McGovern and Cramer, forwards; O'Donnell and Metzkes, center; Metzkes and Lambie, guards.

Field Goals—Allison 5, Bloor 5, Rigby 8, Watkin 4, O'Donnell 1.
Fouls—Rigby 3, Chadwick 1, Cramer 2, O'Donnell 1.

For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly fattening to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only catarrhal cure on the market. It is taken internally in doses from ten drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. What a Cleveland Lady Says:

This is to certify, that I have been a great sufferer from stomach disease. I have tried everything I could hear of and a good number of doctors, and failed to get permanent relief. I had heard of Vetter's Dyspepsia Remedy through a friend of mine in Youngstown, Ohio, and concluded to try it. I found almost instant relief from the first bottle. I suffered from all the different symptoms caused by indigestion and dyspepsia, such as acid stomach, chills, and I used several bottles of Vetter's Dyspepsia Remedy, and have so much confidence in it after what it has done for me that I recommend it to everyone suffering from dyspepsia.

One Week's Use Cured Her.

WHITE ROCK OIL CO., Toledo, O.
Gentlemen—After seeing your Natural White Oil advertised in the papers as a positive cure for dandruff, I purchased a bottle, and after using it one week, according to directions, was entirely cured of my trouble. It certainly does all that is claimed for it. Never after applying did it leave my hair sticky, and twenty minutes after applying the oil it was all absorbed. I cheerfully recommend your Natural White Oil to any one who may have occasion to use it.

CONCESSIONS MADE

Miners and Operators Make
Effort to Agree Upon
a Wage Scale.

CONSIDERABLE DIFFERENCES YET

Operators of Illinois and Indiana Are
at Odds With Those of Pennsylvania
and Ohio—An Amicable Agreement
is Expected Shortly.

Indianapolis, Feb. 3.—After another day of argument no agreement has been reached by the scale committee of the joint conference between the miners and the operators of the central competitive district. The operators have abandoned their specific demand for a 15 per cent reduction in wages, but insist upon "substantial decrease." The miners have, it is understood, decided to abandon their first demands and will agree to a compromise renewing the present scale and conditions.

Both the operators and the miners believe that the two sides have come down to the last concessions that they will make at this time. The general belief among the operators is that the miners will make no further concessions. The Illinois operators are taking a view of the present crisis altogether different from that of the Pittsburgh district. They point to the fact that the Pittsburgh and Ohio operators have over 4,000,000 tons of coal stored on the lakes and at other points, and that the owners of this coal would make a large profit by an advance caused by suspension.

On the other hand it is argued that the time has come when the Ohio and Western Pennsylvania operators must have a readjustment that will enable them to compete with West Virginia, the Connellsville coke region and other low-priced mining districts.

In case an agreement should not be reached it is believed that another joint conference will be held in Indianapolis in about 30 days. Officials of the miners claim that the operators of Ohio, Illinois and Indiana have agreed to their proposition to renew the present scale, but that the operators of Pennsylvania are making a vigorous objection.

President Mitchell made a statement that under no circumstances would the miners accept a reduction.

The matter has been left to a committee composed of the following: Ohio operators, J. H. Winder, L. H. Chapman; Ohio miners, W. H. Haskins, D. H. Sullivan; Pennsylvania operators, F. L. Robbins, D. W. Schluenderberg; Pennsylvania miners, Patrick Dolan, William Dodd; Indiana operators, W. S. Bogle, James McClelland; Indiana miners, George Hargrove, William Wilson; Illinois operators, H. M. Taylor, W. F. Lukens; Illinois miners, Thomas Reynolds, W. D. Ryan.

NEW SENATOR SPEAKS.

Clarke of Arkansas, a Democrat, Talks on Isthmian Question.

Washington, Feb. 3.—Mr. Clarke, the new Democratic senator from Arkansas, made his first speech in the senate. He announced his indorsement of every position taken by the president in connection with the Panama revolt and in the negotiation of the treaty with the new state. He even said that in view of the provocation given by Colombia the president might have been expected to go farther than he did in advancing the cause of Panama. He declared that there was more popular support of the course of the president's policy among Democrats than among Republicans and said that the Democratic votes necessary to ratify the treaty were assured.

TWO KILLED IN WRECK.

Mishap on Chicago Suburban Railway Costs Two Lives.

Chicago, Feb. 3.—In a collision last night between a crowded suburban train on the Chicago Terminal railway and a switch engine two men were killed and a score of others slightly hurt.

The accident occurred just as the train was leaving the station at Ashland avenue, with the car platforms crowded with people. The force of the collision hurled the water tank on the passenger engine from its fastenings and it came down on the front platform of the car directly behind the engine. The two men who were killed, both of them Bohemian laborers, were standing on the platform and were crushed by the tank as it fell. All the other passengers who were on this platform were hurt, but none seriously.

Many other passengers were standing in the coaches and on the platforms and were thrown down and bruised.

DETECTIVES BAFFLED.

All Clues Came to Naught in Schaefer Murder Case.

Bedford, Ind., Feb. 3.—Mayor Smith has admitted that every possible clue in the Schaefer murder case had come to naught and that the detectives were completely at sea.

He declared that the authorities would continue to work vigorously in attempting to clear up the mystery.

The mayor's mail contained 26 letters concerning the case, but containing no information of value.

W. C. WHITNEY DEAD.

Secretary of Navy Under Cleveland Succumbs to Appendicitis.

New York, Feb. 3.—William C. Whitney, former secretary of the navy is dead at his home, 871 Fifth Avenue. He died while under the influence of ether administered preparatory to a second operation for appendicitis. By his bedside were his son, Harry Payne Whitney, and his daughter, Dorothy Whitney, as well as Dr. Bull, the chief surgeon in attendance.

Mr. Whitney was in his sixty-fourth year. He was taken ill Friday night at the performance of "Rigoletto" at the Metropolitan Opera House and had to leave before the opera ended. Dr. James, the Whitney family physician, was summoned and found that the condition of the patient was such

W. C. WHITNEY.

that after consultation an operation was decided upon and was performed by Dr. Bull. The patient rallied so well that it was fully believed he would recover.

Mr. Whitney's condition was very grave, however, on Sunday and Monday, and at a consultation the conclusion was reached that the only hope for the patient lay in a second operation.

A bulletin issued in the morning stated that there had been a slight improvement in the patient's condition, but shortly before 3 o'clock alarming symptoms were noted and hurried preparations were made for a second operation. Mr. Whitney was placed under the influence of ether, but whether the operation was proceeded with or not is unknown.

When the physicians perceived that the patient was in danger of death Harry Payne Whitney and Miss Dorothy Whitney were immediately notified. They hastened to the side of their father and in a few minutes he had breathed his last. Oxygen was used and all the skilled physicians and surgeons brought into play to save the life of the distinguished patient, but to no avail.

The following statement was issued: "Mr. Whitney died at 4 o'clock of peritonitis and blood poisoning, following an operation for appendicitis."

The interment will be at Woodlawn at a date to be hereafter fixed, in the family plot where are the remains of Mrs. Flora Payne Whitney, Olive Whitney and Mr. Whitney's grandchild, Flora Payne Paget. Mr. Whitney's children, Harry Payne and Miss Dorothy, were with him when he died.

The funeral services will be held at Grace church, where Mr. Whitney was a pew holder.

BLIZZARD FANS FLAMES.

Wheeling and Lake Erie Shops at Canton Are Damaged.

Canton, O., Feb. 3.—The shops of the Wheeling and Lake Erie railroad in this city were gutted by fire, entailing a loss of from \$50,000 to \$75,000.

The fire started by the explosion of a headlight in the shop and the flames, fanned by a blizzard raging at the time, could not be checked until the machine and carpenter departments were destroyed. There was some insurance on the property, but at this time no detailed statement is obtainable.

The Literal Truth.

Dunns—What do you mean by sending me word that you were not in? Dunns—I didn't. I sent you word that I was out. Dunns—Well, and what did you mean by that? Dunns—Exactly what I said. I am out of cash.—Cincinnati Commercial Tribune.

DOWN TO HARD WORK

Ohio Legislation Committees
Consider Important Legislative Matters.

CANAL PROPOSALS ARE ARGUED

School Codes Cause Lengthy Meeting of Schools Committee—Telephone Rates Are Subject of Legislative Enactment.

Columbus, O., Feb. 3.—The house committees have reached a real working basis for the first time during the session and a dozen of the standing committees held important sessions. The Roll bill seeking to tax retailers of proprietary medicines containing 10 per cent of alcohol the sum of \$50 was heard by the temperance committee. President Schumacher of the Columbus board of trade spoke against the bill. The bill will be amended making the percentage of alcohol 25 per cent.

The house committee on public works heard a lengthy argument from Colonel Seth Welsky in favor of abandoning a portion of the Ohio canal passing through Logan county. The school codes caused a lengthy meeting of the committee on schools. No recommendations were made. The Brannock local option bill was given its first hearing last night. The liquor interests from Cleveland, Columbus, Dayton and Cincinnati will later appear against the measure.

These bills have been introduced: To fix the maximum price of telephone rates in the state at \$6 per month; to prohibit automobiles on country roads; to fix the salaries of circuit and common pleas judges on a scale graded on population; to prohibit the sale of cannon firecrackers after June 1, 1904. Bills passed and made laws: Repealing law providing time when acts are in effect; Hauck bill allowing police chiefs to draw fees in criminal cases from county treasury.

Mother Dies of Her Burns.

Council Bluffs, Ia., Feb. 3.—Mrs. Peter Christiansen, mother of five children, who perished in their burned home, is dead as a result of her burns. All of the bodies of the dead children have been recovered.

Only one remedy in the world that will at once stop itchiness of the skin in any part of the body; Doan's Ointment. At any drug store, 50 cents.

WINTER IS COMING BRINGING CATARRH

Every Catarrh sufferer dreads the coming of winter, for with the first breath of the "ice-king" this miserable disease is fanned into life and all the disgusting symptoms return. The nostrils are stopped up and the throat can be kept clear of mucous secretions only by continual hawking and spitting. Catarrh is a nuisance and source of annoyance, not only to the one who has it, but everybody else. The thick, yellow discharge from the head produces a feeling of personal defilement, and the odor of the breath is almost intolerable.

The catarrhal poison brings on stomach troubles and affects the Kidneys and Bladder. It attacks the soft bones and tissues of the head and throat, causing total or partial deafness, the loss of smell, and giving to the voice a rasping, nasal twang. No part of the body is secure from its ravages. Catarrh makes you sick all over, for it is a disease of the blood, and circulates all through the system, and for this reason, sprays, washes, inhalers, powders and salves have proven failures.

The way to cure Catarrh thoroughly and permanently is to cleanse the blood of the unhealthy secretions that keep the membranes of the body inflamed, and nothing does this so surely and promptly as S. S. S. As long as the blood is poisoned with Catarrhal matter the discharge of mucus and other disgusting symptoms of the miserable disease will continue. S. S. S. goes to the fountain source of the trouble and purifies and enriches the blood, and so invigorates and tones up the system that catching cold and contracting Catarrh is not so likely to occur. Keep the blood in order and winter's coming brings none of the discomforts of Catarrh.

Write us particulars of your case, and let our physicians help you get rid of this blood-tainting and stubborn disease. We make no charge whatever for medical advice.

What a Cleveland Lady Says:
This is to certify, that I have been a great sufferer from stomach disease. I have tried everything I could hear of and a good number of doctors, and failed to get permanent relief. I had heard of Vetter's Dyspepsia Remedy through a friend of mine in Youngstown, Ohio, and concluded to try it. I found almost instant relief from the first bottle. I suffered from all the different symptoms caused by indigestion and dyspepsia, such as acid stomach, chills, and I used several bottles of Vetter's Dyspepsia Remedy, and have so much confidence in it after what it has done for me that I recommend it to everyone suffering from dyspepsia.

A Woman's Crowning Glory

There is nothing else in the world so pleasing to the eye—as a beautiful head of hair.
The medical and scientific world searched for ages to obtain something which would preserve the hair and make it beautiful, but failed.

Natural White Oil
found 1375 feet below the earth's surface does for humanity what skill and science could not do. It is today the only known remedy that destroys the parasite—the cause of all scalp diseases. It prevents baldness—cures dandruff—makes the hair thick and healthy—is a soothing, cleansing and harmless tonic that works wonders—is not greasy.

One Week's Use Cured Her.

WHITE ROCK OIL CO.
Gentlemen—After using your Natural White Oil advertised in the papers as a positive cure for dandruff, I purchased a bottle, and after using it one week, according to directions, was entirely cured of my trouble. It certainly does all that is claimed for it. Never after applying did it leave my hair sticky, and twenty minutes after applying the oil it was all washed out. I cheerfully recommend your Natural White Oil to any one who may have occasion to use it.
Yours truly,
EMMA HAHN.

CONCESSIONS MADE

Miners and Operators Make Effort to Agree Upon a Wage Scale.

CONSIDERABLE DIFFERENCES YET

Operators of Illinois and Indiana Are at Odds With Those of Pennsylvania and Ohio—An Amicable Agreement Is Expected Shortly.

Indianapolis, Feb. 3.—After another day of argument no agreement has been reached by the scale committee of the joint conference between the miners and the operators of the central competitive district. The operators have abandoned their specific demand for a 15 per cent reduction in wages, but insist upon "substantial decrease." The miners have, it is understood, decided to abandon their first demands and will agree to a compromise renewing the present scale and conditions.

Both the operators and the miners believe that the two sides have come down to the last concessions that they will make at this time. The general belief among the operators is that the miners will make no further concessions. The Illinois operators are taking a view of the present crisis altogether different from that of the Pittsburgh district. They point to the fact that the Pittsburgh and Ohio operators have over 4,000,000 tons of coal stored on the lakes and at other points, and that the owners of this coal would make a large profit by an advance caused by suspension.

On the other hand it is argued that the time has come when the Ohio and Western Pennsylvania operators must have a readjustment that will enable them to compete with West Virginia, the Connellsville coke region and other low-priced mining districts.

In case an agreement should not be reached it is believed that another joint conference will be held in Indianapolis in about 30 days. Officials of the miners claim that the operators of Ohio, Illinois and Indiana have agreed to their proposition to renew the present scale, but that the operators of Pennsylvania are making a vigorous objection.

President Mitchell made a statement that under no circumstances would the miners accept a reduction. The matter has been left to a committee composed of the following: Ohio operators, J. H. Winder, L. H. Chapman; Ohio miners, W. H. Haskins, D. H. Sullivan; Pennsylvania operators, F. L. Robbins, D. W. Schluederberg; Pennsylvania miners, Patrick Dolan, William Dodd; Indiana operators, W. S. Bogle, James McClelland; Indiana miners, George Hargrove, William Wilson; Illinois operators, H. M. Taylor, W. F. Lukens; Illinois miners, Thomas Reynolds, W. D. Ryan.

NEW SENATOR SPEAKS.

Clarke of Arkansas, a Democrat, Talks on Isthmian Question.

Washington, Feb. 3.—Mr. Clarke, the new Democratic senator from Arkansas, made his first speech in the senate. He announced his indorsement of every position taken by the president in connection with the Panama revolt and in the negotiation of the treaty with the new state. He even said that in view of the provocation given by Colombia the president might have been expected to go farther than he did in advancing the cause of Panama. He declared that there was more popular support of the course of the president's policy among Democrats than among Republicans and said that the Democratic votes necessary to ratify the treaty were assured.

TWO KILLED IN WRECK.

Mishap on Chicago Suburban Railway Costs Two Lives.

Chicago, Feb. 3.—In a collision last night between a crowded suburban train on the Chicago Terminal railway and a switch engine two men were killed and a score of others slightly hurt.

The accident occurred just as the train was leaving the station at Ashland avenue, with the car platforms crowded with people. The force of the collision hurled the water tank on the passenger engine from its fastenings and it came down on the front platform of the car directly behind the engine. The two men who were killed, both of them Bohemian laborers, were standing on the platform and were crushed by the tank as it fell. All the other passengers who were on this platform were hurt, but none seriously.

Many other passengers were standing in the coaches and on the platforms and were thrown down and bruised.

DETECTIVES BAFFLED.

All Clues Came to Naught in Schaefer Murder Case.

Bedford, Ind., Feb. 3.—Mayor Smith has admitted that every possible clue in the Schaefer murder case had come to naught and that the detectives were completely at sea.

He declared that the authorities would continue to work vigorously in attempting to clear up the mystery. The mayor's mail contained 26 letters concerning the case, but containing no information of value.

W. C. WHITNEY DEAD.

Secretary of Navy Under Cleveland Succumbs to Appendicitis.

New York, Feb. 3.—William C. Whitney, former secretary of the navy is dead at his home, 871 Fifth Avenue. He died while under the influence of ether administered preparatory to a second operation for appendicitis. By his bedside were his son, Harry Payne Whitney, and his daughter, Dorothy Whitney, as well as Dr. Bull, the chief surgeon in attendance.

Mr. Whitney was in his sixty-fourth year. He was taken ill Friday night at the performance of "Rigoletto" at the Metropolitan Opera House and had to leave before the opera ended. Dr. James, the Whitney family physician, was summoned and found that the condition of the patient was such

W. C. WHITNEY.

that after consultation an operation was decided upon and was performed by Dr. Bull. The patient rallied so well that it was fully believed he would recover.

Mr. Whitney's condition was very grave, however, on Sunday and Monday, and at a consultation the conclusion was reached that the only hope for the patient lay in a second operation.

A bulletin issued in the morning stated that there had been a slight improvement in the patient's condition, but shortly before 3 o'clock alarming symptoms were noted and hurried preparations were made for a second operation. Mr. Whitney was placed under the influence of ether, but whether the operation was proceeded with or not is unknown.

When the physicians perceived that the patient was in danger of death Harry Payne Whitney and Miss Dorothy Whitney were immediately notified. They hastened to the side of their father and in a few minutes he had breathed his last. Oxygen was used and all the skilled physicians and surgeons brought into play to save the life of the distinguished patient, but to no avail.

The following statement was issued: "Mr. Whitney died at 4 o'clock of peritonitis and blood poisoning, following an operation for appendicitis."

The interment will be at Woodlawn at a date to be hereafter fixed, in the family plot where are the remains of Mrs. Flora Payne Whitney, Olive Whitney and Mr. Whitney's grandchild, Flora Payne Paget. Mr. Whitney's children, Harry Payne and Miss Dorothy, were with him when he died. The funeral services will be held at Grace church, where Mr. Whitney was a pew holder.

BLIZZARD FANS FLAMES.

Wheeling and Lake Erie Shops at Canton Are Damaged.

Canton, O., Feb. 3.—The shops of the Wheeling and Lake Erie railroad in this city were gutted by fire, entailing a loss of from \$50,000 to \$75,000.

The fire started by the explosion of a headlight in the shop and the flames, fanned by a blizzard raging at the time, could not be checked until the machine and carpenter departments were destroyed. There was some insurance on the property, but at this time no detailed statement is obtainable.

DOWN TO HARD WORK

Ohio Legislation Committees Consider Important Legislative Matters.

CANAL PROPOSALS ARE ARGUED

School Codes Cause Lengthy Meeting of Schools Committee—Telephone Rates Are Subject of Legislative Enactment.

Columbus, O., Feb. 3.—The house committees have reached a real working basis for the first time during the session and a dozen of the standing committees held important sessions. The Roll bill seeking to tax retailers of proprietary medicines containing 10 per cent of alcohol the sum of \$50 was heard by the temperance committee. President Schumacher of the Columbus board of trade spoke against the bill. The bill will be amended making the percentage of alcohol 25 per cent.

The house committee on public works heard a lengthy argument from Colonel Seth Weekly in favor of abandoning a portion of the Ohio canal passing through Logan county. The school codes caused a lengthy meeting of the committee on schools. No recommendations were made. The Brannock local option bill was given its first hearing last night. The liquor interests from Cleveland, Columbus, Dayton and Cincinnati will later appear against the measure.

These bills have been introduced: To fix the maximum price of telephone rates in the state at \$6 per month; to prohibit automobiles on country roads; to fix the salaries of circuit and common pleas judges on a scale graded on population; to prohibit the sale of cannon firecrackers after June 1, 1904. Bills passed and made laws: Repealing law providing time when acts are in effect; Hauck bill allowing police chiefs to draw fees in criminal cases from county treasury.

WINTER IS COMING BRINGING CATARRH

Every Catarrh sufferer dreads the coming of winter, for with the first breath of the "ice-king" this miserable disease is fanned into life and all the disgusting symptoms return. The nostrils are stopped up and the throat can be kept clear of mucous secretions only by continual hawking and spitting. Catarrh is a nuisance and source of annoyance, not only to the one who has it, but everybody else. The thick, yellow discharge from the head produces a feeling of personal defilement, and the odor of the breath is almost intolerable.

The catarrhal poison brings on stomach troubles and affects the Kidneys and Bladder. It attacks the soft bones and tissues of the head and throat, causing total or partial deafness, the loss of smell, and giving to the voice a rasping, nasal twang. No part of the body is secure from its ravages. Catarrh makes you sick all over, for it is a disease of the blood, and circulates all through the system, and for this reason, sprays, washes, inhalers, powders and salves have proven failures.

The way to cure Catarrh thoroughly and permanently is to cleanse the blood of the unhealthy secretions that keep the membranes of the body inflamed, and nothing does this so surely and promptly as S. S. S. As long as the blood is poisoned with Catarrhal matter the discharge of mucus and other disgusting symptoms of the miserable disease will continue. S. S. S. goes to the fountain source of the trouble and purifies and enriches the blood, and so invigorates and tones up the system that catching cold and contracting Catarrh is not so likely to occur. Keep the blood in order and winter's coming brings none of the discomforts of Catarrh. Write us particulars of your case, and let our physicians help you get rid of this blood-tainting and stubborn disease. We make no charge whatever for medical advice.

BATTLE FOR POSSESSION OF I. O. O. F. BUILDING

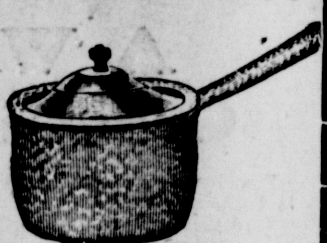

Continued from First Page.

Monday nights during the same hours the lodge holds its weekly session, and that the lodge and trustees have no business office accessible to the public.

The company says that the defendant lodge well knew that it is at all times prepared and ready to pay its rent when due or after, and that it was tacitly agreed that the defendants should call when they wanted the rent, but that the defendants intentionally and for the sole purpose of making for themselves an excuse for avoiding the lease and dispossessing the plaintiff of the premises purposely refrained from collecting or requesting the payment of any part or all of the rent due September 1 and December 1, 1903, and intentionally allowed and permitted the rent paying periods to pass by without said rents having been called for, although they well knew the readiness and ability of the plaintiffs to pay.

The plaintiff says that the passing of the paying periods and the non-payment of the installments was entirely inadvertent and in no sense intentional on its part and was due to the custom established; that when the company came to settle its affairs at the end of the year it discovered that the installments had not been paid and sent a check for entire amount to the trustees; that the check was returned by mail without note or comment; that the company then hunted up the trustees and offered them the full amount, but they refused to accept; that the lodge then passed a resolution declaring that by reason of the failure of the company to pay the rent at the time made payable, the lease was forfeited and served notice on the company to vacate the premises within three days; that thereupon the company went to the trustees and made them a legal tender of \$212.50, the amount due them to March 1, 1904, together with \$3.75 interest on the same and in addition to this agreed that if the lodge had been at any cost or expense whatsoever by the non-payment of the rent, the company would pay it in full; that it was refused; that the company then made a second tender to the trustees of the sum of \$1,385, being all the rent due from September 1, 1903, together with inter-

SOCIAL EVENTS

Adams-Cartwright.

The marriage of Miss Mayme Adams and Dr. Joseph M. Cartwright last evening was a pleasant surprise to their large number of East Liverpool friends. The ceremony was performed in the presence of the relatives and most intimate friends at the home of the bride. The bride and groom left on the evening train for an extended and happy wedding trip through the east. Upon their return they will be given a royal welcome and receive the hearty congratulations of their friends in this city. Mrs. Cartwright is one of the most estimable and beloved young ladies of the city, and is gifted with a rare talent for art and music. Mr. Cartwright is a local dentist and numbered among the prominent and most successful professional men of the city.

Auxiliary Meeting.

The Ladies' auxiliary of the Y. M. C. A. held a business meeting last evening at the auditorium rooms on Fifth street. There was a very good attendance and business of interest to the organization was taken up. All the members are enthusiastic over the prospects of the work for the new year.

Pleasantly Entertained.

Mrs. William Foutts very pleasantly entertained 12 of her friends last evening at her home on Basil avenue. Flinch and pit were the games of the evening.

SEWARD SALTSMAN SAYS WIFE'S
AFFECTION IS GONE.

Therefore He Brings Suit Against His
Brother-in-Law—Sequel of
Much Trouble.

Lisbon, February 3.—(Special.)—As the sequel to the troubles of the Saltsman family, which occurred at Columbiana, Seward S. Saltsman, of Salineville, has filed suit in court against John Barnhill, asking judgment for \$3,000 for the alleged alienation of his wife's affections.

The petition charges that on December 4 and on other occasions Barnhill was guilty of conduct which resulted in the breaking up of the plaintiff's home. Last fall the Saltsmans moved from Salineville to Columbiana and one night Saltsman caught Barnhill at his home and threatened him with a shot gun. The men are brothers-in-law. Barnhill lives at Salineville and the Saltsmans have returned there. The Saltsmans have separated. They have several small children.

SPRINKLER SYSTEM

Put Into a Number of Local Potteries
During the Past Few
Weeks.

The men who are putting in sprinkling apparatus have been very busy recently, and a number of local potteries have now been equipped with the system. The West End pottery and Cartwright Bros.' plant have already been completed.

The force is now engaged at the George C. Murphy plant, and as soon as the task is completed there will move on to the Colonial company. From there it is probable they will go to the Pottery's Mining & Milling company, where the system will be placed in operation in the new addition recently built to the plant.

HOME AFFAIRS

Brief Notes of a Personal Nature
And of Matters About
Town.

A \$5,000 Residence—A contract has been let for a \$5,000 residence for Dr. O. D. Shay at East Fifth and College streets. The building will be frame and of nine rooms. Architect A. W. Scott drew the plans.

Dr. Pratt Improving—Rev. Dr. M. B. Pratt, who has been ill since Sunday and unable to deliver the nightly sermon at the revival services now in progress at the First M. E. church, is very much improved and will preach tonight. The meetings continue with unabated interest, there being a number of conversions each evening.

Will Erect a Block—J. T. Wright, the meat dealer, has purchased the corner property in Jackson Square, owned by John E. Finley, of Salineville, known as lot No. 914. The consideration was \$2,625. He will erect a fine business building thereon and occupy the lower floors, renting the upper part as residences.

SOCIAL EVENTS

Adams-Cartwright.

The marriage of Miss Mayme Adams and Dr. Joseph M. Cartwright last evening was a pleasant surprise to their large number of East Liverpool friends. The ceremony was performed in the presence of the relatives and most intimate friends at the home of the bride. The bride and groom left on the evening train for an extended and happy wedding trip through the east. Upon their return they will be given a royal welcome and receive the hearty congratulations of their friends in this city. Mrs. Cartwright is one of the most estimable and beloved young ladies of the city, and is gifted with a rare talent for art and music. Mr. Cartwright is a local dentist and numbered among the prominent and most successful professional men of the city.

Auxiliary Meeting.

The Ladies' auxiliary of the Y. M. C. A. held a business meeting last evening at the auditorium rooms on Fifth street. There was a very good attendance and business of interest to the organization was taken up. All the members are enthusiastic over the prospects of the work for the new year.

Pleasantly Entertained.

Mrs. William Foutts very pleasantly entertained 12 of her friends last evening at her home on Basil avenue. Flinch and pit were the games of the evening.

Dr. Lloyd to Attend.

Rev. Dr. F. E. J. Lloyd, formerly of

We still have some of those \$5 Men's Shoes reduced to \$4, see them in our window. We also have a lot of \$3.50 ones, box calf and enamel, good styles and honest makes, we'll close them out at \$2.60 a pair and you'll certainly appreciate them.

R. W. Sample & Co.
East Liverpool and
Wellsville.

Cleveland, and now rector of the Epis- copal church at Uniontown, Pa., will attend the smoker this evening to be given by the members of St. Stephen's

Social club. The visiting clergyman is well known in this city and will be greeted by his numerous friends at the smoker. He will deliver an address. The club held an interesting monthly meeting last evening.

Flinch Party.

The Misses Vida and Mona Mackall charmingly entertained a number of their young friends last evening at flinch. During the evening a nice luncheon was served. There were about 20 in the merry crowd, some being from Wellsville and Smith's Ferry.

Mission Board.

Mrs. Rev. J. W. Gorrell will entertain the Christian Woman's Board of Missions tomorrow evening at her home.

PLEASING PROGRAM

Carried Out At the Regular Meeting of the Sons of Temperance Last Night.

The regular meeting of Landmark Division, No. 4, Sons of Temperance, held last evening, was largely attended and most interesting. After the regular business session an entertainment of a most enjoyable character was held. There were games of pit and flinch and the following interesting program was rendered:

Piano solo, Miss Alice Brooks; vocal selection, Euterplan male chorus; piano solo, Miss Florence Moss; vocal selection, Euterplan male chorus; recitation, Miss Mae Brooks; vocal solo, Miss Alice Brooks; vocal selection, Euterplan male chorus.

The ladies of the order are arranging for a leap year banquet at an early date.

Woodmen of the World.

All Sovereigns are requested to attend a special meeting to be held on Thursday evening at Red Men's hall for the purpose of initiating a large class of candidates.

WANTS \$1,000 FOR LOST LOVE

SEWARD SALTSMAN SAYS WIFE'S AFFECTION IS GONE.

Therefore He Brings Suit Against His Brother-in-Law—Sequel of Much Trouble.

Lisbon, February 3.—(Special).—As the sequel to the troubles of the Saltsman family, which occurred at Columbiana, Seward S. Saltsman, of Salineville, has filed suit in court against John Barnhill, asking judgment for \$3,000 for the alleged alienation of his wife's affections.

The petition charges that on December 4 and on other occasions Barnhill was guilty of conduct which resulted in the breaking up of the plaintiff's home. Last fall the Saltsmans moved from Salineville to Columbiana and one night Saltsman caught Barnhill at his home and threatened him with a shot gun. The men are brothers-in-law. Barnhill lives at Salineville and the Saltsmans have returned there. The Saltsmans have separated. They have several small children.

SPRINKLER SYSTEM

Put Into a Number of Local Potteries During the Past Few Weeks.

The men who are putting in sprinkling apparatus have been very busy recently, and a number of local potteries have now been equipped with the system. The West End pottery and Cartwright Bros.' plant have already been completed.

The force is now engaged at the George C. Murphy plant, and as soon as the task is completed there will move on to the Colonial company. From there it is probable they will go to the Potters' Mining & Milling company, where the system will be placed in operation in the new addition recently built to the plant.

Saloonkeeper Fined.

Lisbon, February 3.—(Special).—Oliver E. Harris, a Lisbon saloonkeeper, pleaded guilty in court yesterday afternoon to having furnished liquor to Wesley Pitcairn, habitual drunkard, and was fined \$15 and costs.

Cheap Tickets to the West.

The P. & L. E. R. R. have placed on sale special low rate tickets to California, Washington, Oregon and points in other western states. For rates, time of trains, etc., write to any P. & L. E. ticket agent, or J. H. Sterling, T. P. A., Pittsburg, Pa.

BATTLE FOR POSSESSION OF I. O. O. F. BUILDING

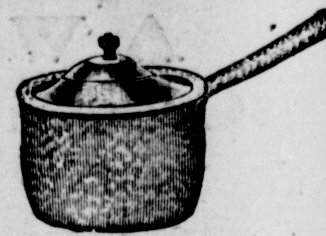

Continued from First Page.

Monday nights during the same hours the lodge holds its weekly session, and that the lodge and trustees have no business office accessible to the public.

The company says that the defendant lodge well knew that it is at all times prepared and ready to pay its rent when due or after, and that it was tacitly agreed that the defendants should call when they wanted the rent, but that the defendants intentionally and for the sole purpose of making for themselves an excuse for avoiding the lease and dispossessing the plaintiff of the premises purposely refrained from collecting or requesting the payment of any part or all of the rent due September 1 and December 1, 1903, and intentionally allowed and permitted the rent paying periods to pass by without said rents having been called for, although they well knew the readiness and ability of the plaintiffs to pay.

The plaintiff says that the passing of the paying periods and the non-payment of the installments was entirely inadvertent and in no sense intentional on its part and was due to the custom established; that when the company came to settle its affairs at the end of the year it discovered that the installments had not been paid and sent a check for entire amount to the trustees; that the check was returned by mail without note or comment; that the company then hunted up the trustees and offered them the full amount, but they refused to accept; that the lodge then passed a resolution declaring that by reason of the failure of the company to pay the rent at the time made payable, the lease was forfeited and served notice on the company to vacate the premises within three days; that thereupon the company went to the trustees and made them a legal tender of \$212.50, the amount due them to March 1, 1904, together with \$3.75 interest on the same and in addition to this agreed that if the lodge had been at any cost or expense whatsoever by the non-payment of the rent, the company would pay it in full; that it was refused; that the company then made a second tender to the trustees of the sum of \$1,385, being all the rent due from September 1, 1903, together with inter-

est up to the time the lease expires.

The company now brings into court the full amount due to February 2, \$212.50, with \$4 interest, and \$20 for court expenses of the trustees and the same is in the hands of the clerk of courts.

The company says that the lodge will, unless prevented by an order of the court, undertake and attempt to eject the company from the leased premises, and the company asks that the lodge and trustees be restrained from interfering in any manner with the plaintiff's possession and be restrained from ejecting or attempting to eject and prevent them from taking any action to do so pending a final hearing of the case; that upon a final hearing if the plaintiff is found to be in any fault it may be permitted to redeem upon such terms as are just and equitable and that on final hearing the defendants may be enjoined from interfering and from ejecting or attempting to eject them during the term of lease.

The Odd Fellows some time ago sold the building to the Dollar Savings Bank and upon the strength of the sale purchased a lot upon which they wish to erect a new building. They will not receive any money from the bank until the building is turned over to them, and this is given as the reason of the attempt to eject the Building and Savings association.
